

## Why Should you Purchase Our Products?

*Listed below are a few of our products, and the ingredients that make them what they are!*

We use high quality ingredients in all of our products! But even with quality ingredients, if you don't put the correct ingredients into the product, the quality doesn't matter. So we have selected our ingredients based on the properties best to suit your needs. Below we have listed some of our ingredients and their properties so you can see why you should purchase our products over other company's brands.

### **LOTION:**

**Water,** All our water goes through this process to remove components that could interfere with a product's stability and performance.

**Propylene Glycol,** help enhance the effectiveness and penetration of active or other ingredients in a formula, and have water-binding and moisturizing properties.

**Almond Oil,** Sweet almond oil is obtained from the nut of the tree, which is native to Asia and the Mediterranean. The oil is a great nutrient for softening and conditioning the skin. It's been known to be especially suitable for eczema, itchy, dry and inflamed skin

**Cocoa Butter,** In therapeutic levels, it works as an excellent emollient and anti-inflammatory.

**Jojoba Oil,** very similar in composition to human natural skin oils. It penetrates the skin rapidly to nourish it; also softens and moisturizes mature and dry skin. Jojoba helps to heal inflamed skin conditions such as psoriasis or any form of dermatitis, helps control acne and oily scalps.

**Meadowfoam Seed Oil,**

- Moisturizes and rejuvenates the skin
- Provides protective barriers for skin
- Long-lasting & Non-greasy
- Reduces the effect of aging on the skin

**Shea Butter,** A solid that comes from the natural fat obtained from the Karite Tree grown in West and Central Africa. Often referred to as karate butter. Shea butter is an emollient. It is extremely therapeutic, helping to heal cracked, aged and damaged skin. Its chemical constituents help to heal bruising and soreness. Shea butter penetrates the skin and leaves it feeling soft and smooth. It has vitamin A, E and is highly compatible with skin. Shea butter has a high content of unsaponifiables and cinnamic esters, which have antimicrobial and moisturizing properties and provide protection from UV rays of the sun

### **Shower Gel:**

**Aloe Vera,** Expressed from the aloe vera plant which are found mainly in sunny climates. The leaves store large amount of water. Aloe Vera improves Hydration is soothing and healing to all skin types. Chemical analysis has shown the presence of

mucopolysaccharides, a natural moisturizing factor. Aloe Vera is composed of water, the enzymes catalase and cellulose, minerals, calcium, aluminum, iron, zinc, magnesium, sodium, 20 amino acids and carbohydrates. Aloe vera also contains the “youth mineral” potassium. Has renown healing properties, anti-inflammatory and can soothe the skin and help heal cuts, grazes, burns and insect bites.

**Vitamin E,** Acts as a free radical scavenger, hinders the oxidizing process in the skin and promotes soft and supple skin. As an antioxidant it defends the skin. Helpful in reducing scars and promotes healing. Acts as a natural preservative for products.

## **Bubble Bath**

**Avocado Oil,** It is a rich, heavy but penetrating oil that is full of nutritive and therapeutic components. Avocado oil contains more than 20% essential unsaturated fatty acids. It contains vitamins A, C, D and E, proteins, beta-carotene, lecithin, fatty acids and the “youth mineral” potassium. Avocado oil is high in unsaponifiables (sterolins) which are reputed to be beneficial in reducing age spots, healing scars and moisturizing the upper layers of the skin.

**Soybean Oil,** Soften the skin, have superior moisturizing effect on the upper layer of the skin and reduce scars.

## **Skin Cream,**

### **Ingredients in addition to our Lotion:**

**Aloe Vera,** Expressed from the aloe vera plant which are found mainly in sunny climates. The leaves store large amount of water. Aloe Vera improves Hydration is soothing and healing to all skin types. Chemical analysis has shown the presence of mucopolysaccharides, a natural moisturizing factor. Aloe Vera is composed of water, the enzymes catalase and cellulose, minerals, calcium, aluminum, iron, zinc, magnesium, sodium, 20 amino acids and carbohydrates. Aloe vera also contains the “youth mineral” potassium. Has renown healing properties, anti-inflammatory and can soothe the skin and help heal cuts, grazes, burns and insect bites.

**Avocado Oil,** It is a rich, heavy but penetrating oil that is full of nutritive and therapeutic components. Avocado oil contains more than 20% essential unsaturated fatty acids. It contains vitamins A, C, D and E, proteins, beta-carotene, lecithin, fatty acids and the “youth mineral” potassium. Avocado oil is high in unsaponifiables (sterolins) which are reputed to be beneficial in reducing age spots, healing scars and moisturizing the upper layers of the skin.

**Allantoin,** A non-toxic crystal created by the oxidation of uric acid. Has the ability to help heal wounds, sores and stimulates the growth of health tissue. Allantoin is a skin softener and an anti-irritant, which inhibits allergic type responses.

- For the temporary protection of minor cuts, scrapes, burns and sunburn.
- Helps prevent and temporarily protects chafed, chapped, cracked, or wind burned skin and lips.
- Relieves dryness and softens cold sores and fever blisters.
- Helps treat and prevent diaper rash. Protects chafed skin/minor skin irritation due to/associated with diaper rash and helps protect from/seal out wetness.

**MSM,** An organic sulfur compound that exists to some extent in all living things, aids in pain relief, fibromyalgia and arthritis.

**Silk Amino Acid,** Its smoothing and conditioning properties provide improved manageability, added gloss and better texture to body and hair. In skin care products, the protein has a protective colloid effect which helps plump up the skin and increase its ability to retain moisture. The benefits are seen as skin that looks smoother and less roughened and appears less wrinkled.
