

Look What We Found

Within 30 days a \$33,000 refund check was issued to a New Jersey Hospital from a vendor after VIE Healthcare identified a billing error during the expense analysis process. An additional error was caught a week later, generating an additional \$27,000 refund check. Annual savings achieved within 45 days are over \$350,000.

VIE Healthcare's expense management solutions will assist you in developing innovative strategies to analyze and reduce expenses effectively and immediately.

Over \$500,000 in savings and \$85,000 in credits and refunds in one department within 3 months of VIE Healthcare performing a detailed expense analysis with a 2-hospital healthcare system. To date, annual savings are over \$1.2 million.

We are Results-Based. There are no fees paid to begin a project and none paid if we do not find savings.

34% expense reduction in telecommunication costs, 22% expense reduction in materials management and central supply costs, and over 40% expense reduction in medical equipment repairs and maintenance contracts for a Healthcare organization. A \$72,000 refund check was also negotiated after VIE identified a contract error that had been overlooked for 2 years. Annual savings was \$84,000 for just this 1 service item.

Call us to schedule a no cost expense assessment of your facility and let our results work for your organization.
