Online Business for Sale Marketplace BizQuest Launches Redesign of its Popular Website

Los Angeles, CA – BizQuest today announced a major redesign to its popular business for sale website www.BizQuest.com

Said company Founder and President Dylan Garland, “We are very excited about the launch of this new site which has been in development ever since our initial launch more than six months ago. The new site features a number of improvements that will make it much easier for buyers and sellers of businesses to connect with each other.”

The original BizQuest website was launched in December, 2003 after Mr. Garland led a buyout of the Online Business Exchange division which he oversaw for his former employer. In the six months since that launch the company has experienced substantial growth in overall website traffic as well as significant revenue and earnings growth.

Capitalizing on this early growth, the company has recently added a new Vice President of Marketing, Patrick Neeman. Mr. Neeman is an industry veteran who brings more than 10 years of experience to his new position, including senior-level product management positions at Stamps.com, Escrow.com and Orbitz.com.

Mr. Neeman has already contributed substantially through his work on the redesigned BizQuest website. Going forward he will oversee further improvements to the website, and expand BizQuest’s marketing efforts to bring even more buyers and sellers of small to medium-sized businesses into the BizQuest marketplace.

###
