For Immediate Release:

Reducing Costs for Third-Party Medical Billing Companies and Developing a Scalable Back-End Resource Partner

San Jose, CA (PRWEB) August, 11th, 2004 - As Third-Party Medical Billing Companies continue to struggle with reducing their labor cost structure and maintaining a healthy resource pool of trained Medical Billing Specialists, there are solutions in the marketplace that can address these specific problems.

TekHealth Services addresses these specific issues by providing a combination of a competitive cost labor pool as well as a comprehensive suite of Medical Billing Back-Office functions such as Coding, Demographic Entry, Charge Entry, Payment Posting, Accounts Receivables, Revenue Cycle Management as well as Appeals Processing.

"Our Billing Clients have been benefited in the past from our point solutions such as Charge Entry or Payment Posting. Now they can take advantage of our comprehensive set of services" - Jay Govind, CEO, TekHealth Services.

Please contact [gina@tekhealthservices.com](mailto:gina@tekhealthservices.com) or call 408-934-2102 to participate in a conference call to better understand our value proposition.

About TekHealth Services:

TekHealth Services is a leading Back-Office Provider of Medical Billing Services to Third-Party Medical Billing Companies. We have expertise in Medical Billing for over 30 Specialties ranging from General Practice to more complicated Hospital Based specialties such as Radiology, Anesthesiology and Chemotherapy.
