CONNECT • TWIST • CREATE

Fun

Whether at home, at the park, or at Grandma's — Toobeez lets children explore their tactile, spatial, and organizational skills while having fun! The options are boundless, just like their imagination.

- Forts
- Hideaways
- Soccer & Hockey Goals
- Hurdles
- Puppet Theatres
- Castles
- Limbo Bars
- Giant Bugs
- Mazes
- Stick Figure Friends
- Obstacle Courses
- Tents, and much more

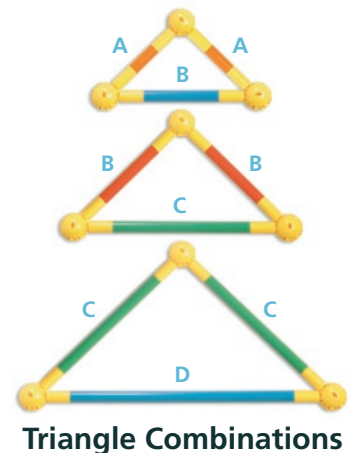

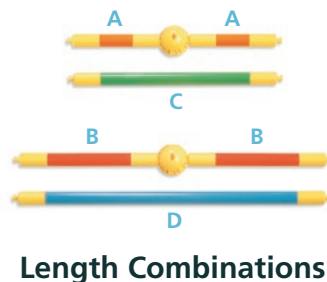

Educational

Toobeez can help develop perceptual motor skills in younger children, to more advanced logic problem solving skills in older children and adults. The bright colors and life-sized pieces make it a valuable, open ended, educational tool.

- Enhance creative thought skills
- Promote critical thinking skills
- Work on coordination and motor skills
- Develop problem-solving and reasoning skills as children use their imagination for pretend play

Various Tube Lengths & Combinations

Engineered for versatility which allows the pieces to work well together in any creative building situation.

Kit Includes:

- 32 Colorful Tubes (8 of each size – 11", 16", 24" & 36")
- 20 Yellow Spheres (10 keyholes on each sphere)
- 1 Giant Storage Bag with Zipper (quality and durable)

IT'S SIMPLE CONNECT TWIST CREATE

- Hold tube by a yellow end
 - Insert tube into keyhole in sphere
 - Turn 1/4 way around & feel it click into place
 - Repeat... Connect, Twist, Create
- To take apart, align triangles \triangle then pull

High Quality - Safety Tested & UV Resistant
Years of Fun They Won't Outgrow

Portable - Take them to a Beach, Grandma's, or Park

Great Fun! - The Possibilities are Nearly Endless
