*Beauty Secrets from Amazon Rain Forest*

*The Amazon rain forest region is home to the oldest and most diverse ecosystem on the planet. In this unique world thousands of plant species still remain undiscovered. Rain forest plants are rich in nutrients, vitamins, minerals and other active constituents, and have always been used by native peoples for their health and well-being. Uncovering the wealth of potential ingredients in this region for personal care applications is Florestas mission. We offer state-of-art formulations which contain a significant concentration of therapeutic elements, that bring the results that you expect. Florestas strives to use the best certified organic ingredients, pure vegetable & essential oils and wild harvested plants.*

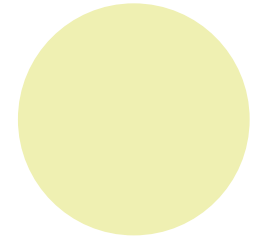

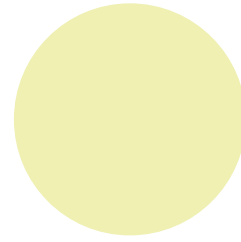

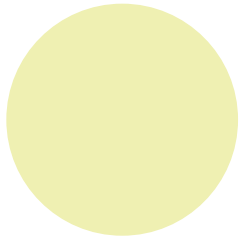

*Florestas is a proud member of*

## *Luxury Natural & Organic Beauty and Bath Products*

- We have searched the biodiversity of the rain forest and studied indigenous therapeutics in our quest to create the finest and most healthful natural alternatives to harsh, chemically derived personal care products. Local communities harvest the fallen fruits from organically grown plants that Florestas bases its formulations on. Blended with pure essential oils that enhance traditional native "recipes" Florestas has created a luxurious line of beauty products. Uncovering the wealth of potential ingredients in this region for personal care applications is Florestas' mission. Florestas aims to research and develop uses for products derived from the plants of the rainforest, while at the same time pursuing a policy of preserving natural resources and promoting the socio-economic development of the region. Using only raw materials obtained by ecologically sustainable methods and donating 5% of its net profit to protect the forests.
- Florestas' natural personal care is made from a variety of fruits, seeds, nuts, plants extracts and certified organic ingredients, contains significant concentrations of therapeutic elements that deliver superior results. Products are created to benefit both body and senses. No synthetic fragrances, colors or parabens of any kind are used and products are designed to maintain a normal pH balance, minimizing the potential for any skin irritation.

## *Aromatherapy...*

The infinite properties of essential oils transmit countless benefits to the body and mind. Derived from plants, essential oils are extracted from flowers, leaves and bark through the process of steam distillation or by cold pressing citrus fruit zest. Both processes are done naturally without any chemical additives. Florestas also offers beautiful diffusers and massage kits to help to slip the tension away and bring harmony into your body and mind.

Currently we are offering the following 100% pure essential oils:

- Rosemary,
- Palma Rosa,
- Lavandin,
- Lavender,
- Geranium,
- Clary Sage,
- Sweet Orange,
- Ylang-Ylang,
- Tea Tree,
- Bergamot,
- Cypress,
- Peppermint

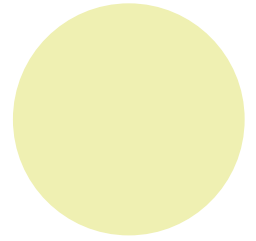

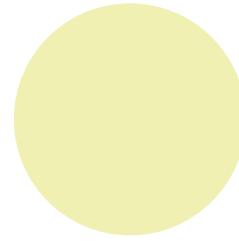

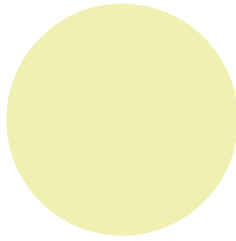

## *Pure Vegetable oils for massage and aromatherapy*

Florestas offers the purest natural oils enriched with vitamin E. Florestas vegetable oils are obtained from seeds, nuts and plants that grow all over Brazil. They can be used as (after) bath oil, makeup remover, massage therapy and aromatherapy treatment.

Our vegetable oil line includes:

- Sweet Almond
- Brazil nut
- Rose hips (Rosa Mosqueta)
- Wheat germ

## *Vegetable Oils*

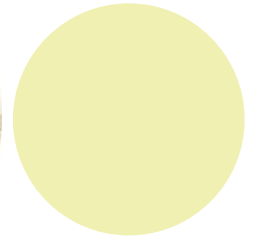

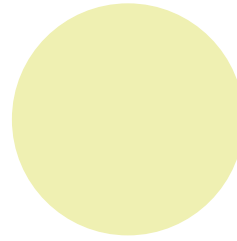

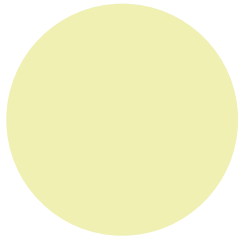

**Brazil nut oil**, with its pleasant smell, is rich in Linoleic acid and vitamins. It acts as a moisturizer, leaving skin soft and silky. It is great for use in aromatherapy, massage and as bath oil.

**Sweet Almond** vegetable oil is non-greasy, spreads easily, and provides nourishment for the skin. It is a delightful moisturizer that is suitable for all skin types. It is perfect for use in aromatherapy, massage and as bath oil.

**Rose hips** (*Rosa Mosqueta*) oil has high levels of linoleic and trans-retinoic acid, which assists in rejuvenating body cells. It is great for revitalizing both skin.

**Wheatgerm oil**: With its high natural vitamin E content and essential fatty acids, Wheatgerm oil is used extensively in aromatherapy and massage blends, leaving skin smooth and healthy. It also makes excellent bath oil.
