New Media Site Provides Christians with Easy Access to Quality Video and Audio Teaching.

ColdWater.org.uk launches to provide a growing library of on demand video and audio teaching over the Internet.

Christians around the world now have free access to teachings from speakers like Bill Wilson, who operates a Sunday school of over 20,000 children in the Bronx, Chris Cole the founder of Cross Rhythms Christian radio in the UK and many others.

The site was created to provide an ever-expanding library of video and audio content from churches and ministries across the world and uses the very latest technology to deliver the media effectively over the Internet.

Nicola Halton, co founder of ColdWater.org.uk comments: "Our vision for the site was simple – to offer Christians the opportunity to access good quality teachings when they need it."

The sites name comes from Proverbs 25:25 *"Good news from far away is like cold water to the thirsty"*
