Subject: Press Release

Got Web Host Offers Free SEO Consultation

For Immediate Release

Wheatfield, IN

May 17, 2005

Got Web Host is proud to announce the inclusion of free SEO consultations with all hosting packages.

Effective immediately, any virtual or dedicated hosting package will come with a free consultation by our Director of Support and Marketing, Tanya Martin, a full time SEO with seven years experience.

Virtual packages will come with a one-time, one hour consultation; and all dedicated packages will allow you one free hour a month for the life of your contract. The standard fee for this service is $300 per hour.

This SEO consultation includes discussing SEO problems you need solutions for, such as: link building strategies, content optimization recommendations, and site structure recommendations. We will suggest and recommend what you can do to improve your search engine optimization, or help you overcome a problem you have or may not know you have.

Got Web Host provides hosting plans for companies concerned with Google's host crowding penalties associated with search engine optimization. Got Web Host now offers Multiple Class C IP's to their users. Many companies specializing in SEO have requested or search for hosting that provides this type of service, we bring it to you with many different packages.

Got Web Host provides the following features:

- Virtual packages with up to 15 IPs, 15 individual Class C Subnets and multiple or private nameservers. Multiple data centers.

- Dedicated packages with up to 50 IPs, with up to 10 individual Class C Subnets and multiple private nameservers.

- Customized packages with up to 33 Class C subnets are available

upon request.

For additional information please go to http://www.gotwebhost.com, email sales@gotwebhost.com or call Toll Free: 888.467.8532

About Got Web Host:

Got Web Host has been hosting websites since 2002. As times change, hosting needs change as well, to which we strive to bring the best hosting solutions to meet these changes. Multiple Class C IP's are difficult, if not impossible to find with most hosting companies. Many simply can not provide multiple dedicated IP's. Got Web Host now offers Multiple Class C IP's to their users. Many companies specializing in SEO have requested or search for hosting that provides this type of service, we bring it to you with many different packages.
