

Imagine
enjoying media from your home theater system
in every room of your house...

Now imagine it outdoors too!

With the LTB™ Advanced LUXXIS-STR Outdoor Media System™
and Microsoft™ Windows Media Center 2005

The LTB LUXXIS-STR Outdoor Media System™, powered by Microsoft™ Media Center 2005, lets you enjoy all your media in the comfort of your easy chair or while lounging by the pool. With Media Center Extender, we supply the following multi-media to any room or outdoor space of your home.

- TV
- Movies
- Internet
- Streaming Media
- CD's and Tapes
- Security Cameras
- Radio
- Pictures
- Satellite Radio
- MP3 Music
- Digital Video Recording
- Games

We provide a central system for your home theater that is built around the core of Microsoft's Windows Media Center 2005. It acts as a "digital hub", sending all your media to different locations in your home through our extended connectivity solutions. Using our unique innovations, we provide dynamic expandable solutions that allow you to have total control and access to every aspect of your media.

Your total all around household multimedia system is just a click away!
