

Energy Mosaic Overview

We are pleased to introduce you to the energy Mosaic Website and News Service--the most advanced and powerful online research platform for energy professionals.

FERC Documents

Orders and Opinions

- Two separately searchable databases link to full text of FERC Orders.
- Current Issuances database includes all FERC Orders and Opinions since 2004. Search by document type, sector, date, FERC docket numbers and keyword.
- Landmark Orders database includes over 70 significant Orders and Opinions from the last 10 years. Search by sector and full text.

Sector Documents

- Database of documents related to sector activities. Includes transcripts of technical conferences, staff reports, rulemaking documents and other documents featured on the FERC website.
- Search documents by text, date, docket number, sector, and document type.

Administrative Law Proceedings

- Search FERC issuances related to Administrative Law proceedings.
- Includes documents beginning in 2004.
- Search by keyword, docket, date, sector and document type.

Accounting Guidance

- Contains final rules, FERC releases and FERC FAQ's related to energy accounting issues.
- Search by text, sector, date and FERC docket number.

Rules and Compliance

Federal Regulations

- Full text search of current regulations with amendment history.
- Generate custom documents of selected sections.

Federal Register

- Proposed and Final Rules and Notices issued by FERC since 2002.
- Search by text, date and subject.
- Links to summary published in Federal Register.

Regulatory History

- Amendment history searchable by CFR section and date.
- Provides Federal Register citation, with electronic links to Federal Register notices beginning in 1998.

FERC Regulatory Agenda

- Searchable semi-annual rulemaking agenda published by FERC.
- Search by CFR section, date and keyword. Database begins in December, 2002.
- Links to related CFRs and FERC rulings.

Law

Current U.S. Code

- Full text search of current code related to energy regulation and compliance.
- Code sections cross referenced to law sections.
- Generate custom documents of selected sections.

Public Laws

- Full text documents of recent energy laws.
- Identify U.S. Code changes enacted by recent public laws.

Legislative Status

- Search database of bills filed in current and last Congressional session.
- Links to summary of bill, status of bill, and full text of bill.

Court Cases

- Search contested FERC rulings by petitioner, court, case number, date, keyword and FERC docket number.
- Pending court cases database shows case status and includes links to contested rulings.
- Decided cases link to full text of decision.

Guidance

Law Firm Memos

- Library of over 750 law firm memos updated weekly.
- Search by keyword, firm and date.

Glossary

- Single searchable glossary of definitions published in the CFR and by FERC and Dept of Energy.
- Search by word and, for regulatory definitions, by citation.

State PUC Links

- Provides quick access to state public utility commission websites.

Energy Resource Links

- Provides selected links to websites about energy regulation and compliance.

News

Today's Energy News

- Links to current issue of Daily Energy News from Energy Mosaic.
- Quick access to current North American news stories, recent law firm memos, FERC headlines, FERC rulemaking and to energy legislation.

FERC News

- Search four years of FERC press releases, speeches and congressional testimony.
- Search by Commissioner, date and keyword.

Energy Mosaic News Archive

- Search Energy Mosaic News archive by publication, date or keyword.
- National news stories archived for 30 days; FERC news items archived for 120 days.
