

# Mamiya Award of Excellence

©2005 Wayne Wallace

The Mamiya Award of Excellence acknowledges dedicated efforts and achievements in the field of photography. It is judged by an independent group of advertising professionals. This year's award has been given to Wayne Wallace, of San Rafael, California and student of Hallmark Institute of Photography. Upon graduating from Hallmark, Wayne will be pursuing his career as a photographer and digital artist. Having realized early in life that he viewed the world differently, Wayne knew photography would always be a big part of his life. What he didn't realize at first, is that ultimately, photography would be his chosen career field. After spending the early part of his adult life as an Application Engineer, an overwhelming desire to pursue photography as a career led Wayne to Hallmark. There, he developed an intense passion for photography along with a determination for success in his chosen field. This passion and determination represents the foundation from which Wayne will build his career in professional photography.

For 30 years, Hallmark Institute of Photography, in Turners Falls, Massachusetts, has been one of the country's premier schools for the training of tomorrow's professional photographers.

Mamiya extends congratulations to Wayne Wallace for his award, and to Hallmark Institute of Photography for providing the guidance which made it possible.
