

PRESS RELEASE

AUGUST 2005

LEARN HOW TO GET OUT & STAY OUT OF DEBT!

With consumer debt in the UK of £1 trillion, for thousands of people debt and financial problems are very real. For those of us unfortunate enough to be in financial difficulty, seeking help usually means one of the following options: the Citizens' Advice Bureau, contacting a dubious loan shark, or consulting an independent debt advisor (at considerable cost)

To help all those who wish to identify, pursue and achieve financial success, i.e. 'most of us', a new system in the form of a diary and accompanying CD audio companion, has been launched. Aptly named MONEY MENTOR, this self-help system has been devised by Scottish businessman Fraser Hay (former Royal Bank of Scotland & Prince's Scottish Youth Business Trust businessman of the year)

MONEY MENTOR offers; a unique, proven system that gets results, ways to get out of and stay out of debt, hundreds of money saving secrets, ready to use letters & check lists, inspirational quotes, and anecdotes, all contained in a zip round 'leather' case complete with pen and audio CD. Retailing at £49.95 MONEY MENTOR is designed and written in a format that can be used by anyone. See www.pocketmentor.co.uk for more information.
