Tango Marketing Announces Newsletter For Timeslips by Sage Software

Edmonds, WA—September 1, 2005—Tango Marketing, LLC today announced the immediate availability of its Timeslips by Sage newsletter, ***info for Timeslips by Sage**. The quarterly newsletter is a turnkey marketing communications tool allowing Sage Software Business Partners to effectively and efficiently communicate with clients, prospects, and alliance partners.

This issue of *info for Timeslips covers the newest release of the product, Timeslips by Sage 2006. Timeslips 2006 contains new features designed to make users more productive and more efficient. New interactive reports allow users to drill down to underlying details. A report preview feature makes it easier to find just the right report by providing a thumbnail view and brief description of each report. Users can now reprint unpaid bills in a single step and email those bills directly to clients. The article describes each new feature and shows users how the functionality can be used to increase their efficiency.

A second article summarizes the features added since the 2004 product release, as an encouragement for users to upgrade.

Tango Marketing provides the *info Newsletter for more than a dozen different Sage Software products, in both printed and email formats. The newsletters are part of the Sage Software Turnkey Marketing Program making them eligible for up to 50% co-op reimbursement. Every newsletter is published in full color in both printed and email versions. Each issue is filled with product reviews, news, and tips, and is personalized for each business partner, including company logo, and contact information.
