

GAMINGZEN, INC.  
ANNOUNCES GRAND OPENING SEPTEMBER 1<sup>st</sup> ,2005

Grand Prairie, Texas. – August 31, 2005 - GamingZen, Inc.(GZ) today announced that it's eagerly awaited massive multiplayer online First Person Shooter (FPS) servers. GZ will launch their gaming servers that will host games like Battle Field 2, Call of Duty: United Offensive, Call of Duty, and much more, on September 1, 2005. With a monthly subscription, players on these servers will soon be able to experience the best in gaming services.

GamingZen offers reliable, HIGH PERFORMANCE game server and voice server hosting at very reasonable prices. They own 100% of there hardware unlike most Game Server Providers (GSPs), so there is no minimum waged technician to diagnose the problem incorrectly, and delay problem upgrades. Their hardware is specialized for online gaming. GZ game server solutions result in extremely FAST, redundant, LOW PING Internet connectivity.

All of the GZ game servers are at least Dual AMD Opteron 250 64-bit processors with 2 gigabytes of memory. These servers are built by A+ Certified technicians and monitored by Microsoft and RedHat Certified Engineers (MCSE & RHCE). The servers are engineered with speed in mind for your gaming pleasure. Unlike 95%+ of other Game Server Providers, they own 100% their hardware.

Want a Zen feeling during game play? Tired of dying while typing? GamingZen voice servers offer a wide range of features which allow you to SPEAK clearly and effortlessly in real-time with your clan while playing your favorite online game! All you need is an Internet connection (modem or broadband), a sound card, and a microphone!

Your game or voice server will have the lowest ping available 24 hours per day, 365 days per year! No more waiting for your friends to get online before your server is available. Most game servers come with FTP access. In addition, you may start and stop your game server via our Control Panel, customize your game server's starting command line parameters, view your billing history online, kick unwanted players and more.

GZ is authorized to accept all major credit cards and popular payment methods including Visa, MasterCard, American Express and Paypal!

Perhaps you've had trouble hosting a game or voice server? No problem. All of GZ's services come with superior customer support 7 days per week as well as online chat support. GZ's customer support staff is available 7 days per week to ensure the very highest quality of service and customer support. They will gladly assist you and your teammates in getting started with our services.

#### About GamingZen, Inc.

GamingZen is a child of a parent company called DFW Group, Inc. DFW Group's IT department has been tasked with creating and implementing database driven web tools to enhance workflow, they have decided to add some excitement to their world and develop something everyone can have some fun with. This made them think "What do we all enjoy?... GAMES!", of course! At this point GZ was just a fun idea. The IT guys, David Melton (aka Gator), Daniel Harris (aka Hogie), and Chris Hight (aka Zander) began to work on art work and some themes. The GamingZen name didn't even come about until the basic site layout was completed. So look for Hogie, Gator, Zander and the rest of the IT department online and prepare to be fraged!

GZ hosts public servers for potential serious gamers to come test the waters. Anyone can play on their public servers located at:

Call of Duty : 69.93.145.42:28960

Call of Duty – United Offense: 69.93.145.42:28961

GZ offers frequent specials to satisfy your urges to frag someone. Visit their website <http://www.gamingzen.com> for more details on current specials. So look for Hogie, Gator, Zander and the rest of the IT department online and prepare to be fragged!
