

# **StoreSMART.com releases the CD/DVD: No-tech solution to high-tech organization and media packaging.**

Rochester, New York      September 7, 2005

Forever caught in the high tech race maze? Do the technology and paperwork trails keep you hanging in suspense? Where did I put that back-up disk? Who borrowed my music? Where's the CD that goes with this book? ? Need version three to update to version seven? Where's the old version...the new version...the update...the printer driver Need tamper-proof packaging? The solutions are at StoreSMART.com, the leader in high-quality media packaging and organization since 1971.

Disks...they need to be safe, can't be scratched, and found...FAST! Organization and flexibility are the keys. StoreSMART's expanded line of no-tech organization and media packaging is the answer. Premium quality CD/DVD cases, hubs, albums, and sleeves, in paper, tyvek, plastic, poly, peel & stick, cardboard, and more. There are standard styles for all needs and applications and custom packaging solutions that won't break your wallet. Most custom vinyl pockets have only a 300-piece minimum and quick 5-8 day turn-around.

There are CD/DVD hanging files, adhesive and non-adhesive pockets, ring binder pages, color-coded, anti-scratch mailers, jewel cases, slip cases, resealable, zipper cases, pages, hubs, and more. But, will the product work for the application? Call our full-service team and let us send you a FREE Sample.

Combining digital and printed media? When a disk is only part of the packaging, StoreSMART.com has solutions. There are designs with a business card pocket, to hold a manual, create a media kit, and more.

"Stick-it, File-it, Store-it, Send-it. Put it in an envelope, pouch, or pocket," said Reenie Feingold, founder of StoreSMART.com and designer of many of the products. "We create cost-effective solutions for single or multiple publishing, packaging or storage requirements. Small quantities for home use, medium for the office, and large quantities for commercial packagers and commercial printers".

Most custom vinyl pockets have only a 300-piece minimum and quick 5-8 day turn-around. Again, call for FREE samples. The pockets sizes range from tiny 1" x 1" to large 39" x 26" in clear, frosted, and colors.

The StoreSMART.com website and catalog features over 5000+ sizes of adhesive and non-adhesive pockets for printers, manufacturers, healthcare, schools, libraries, universities, offices, and homes. There is immediate shipping for stock items. StoreSMART.com, the no-tech solution to hi-tech!

## **Summary Paragraph:**

Disks...they need to be safe, can't be scratched, and found...FAST! Organization and flexibility are the keys. StoreSMART's expanded line of no-tech organization and media packaging is the answer. Premium quality CD/DVD cases, albums, hubs, and sleeves in paper, tyvek, plastic, poly, peel & stick, cardboard, and more. There are standard styles for all needs and applications and custom packaging solutions that won't break your wallet. There is immediate shipping for stock items. Most custom designs have only a 300-piece minimum and quick 5-8 day turn-around.

The StoreSMART.com website and catalog features over 5000+ sizes of adhesive and non-adhesive pockets for printers, manufacturers, healthcare professionals, schools, libraries, universities, offices, and homes. StoreSMART.com, the no-tech solution to hi-tech organization and media packaging.
