### What People Have Said...

"I've been speaking professionally for over 16 years spending thousands of dollars in various websites that never worked as advertised from supposedly top flight designers. For an investment of a regular chapter meeting, Lenny Laskowski provided specific & powerful tools and techniques that made immediate massive positive impact on my website. He also provided a remarkable format for a reliable internet marketing tool. This is one of the NSA speakers every chapter should have on their "must come here" list.

— **Bil Karlson**, Past President, NSA Tennessee

"I would like to thank you for your recent efforts in upgrading the presentation skills of the R&D department here at Cabot Microelectronics. I thought the format of you presenting two 4-hr workshops in early summer, followed by critiquing our project reviews one- and two-months later respectively, was highly effective. It enabled the concepts to sink in and be out into practice immediately, and brought you back to reinforce good practices."

- **Cliff Spiro**, Vice President, Research & Dev't -Cabot Microelectronics
