## DESKNOTE A

### **ABOUT THIS PRODUCT**

The Desknote is an emerging category of workstation that includes some of the portability of a laptop along with some of the performance of a desktop. They are ideal for users who need maximum portable power for uses such as CAD or video manipulation. The Desknote A is a slim and stylish machine ideal for the school leaver student as a first notebook.

### POWERNOTE S (SEMPRON)

#### ABOUT THIS PRODUCT

A great notebook for people who require above average performance but don't want to spend a fortune buying one.

Powered by the latest AMD Mobile technology supporting Power Now. The Powernote S model features include a larger-than-many 15 inch XGA TFT display and the latest intelligent wireless connection technology. This means the unit is both functional and practical.

Further images unavailable at present

<b>PROCESSOR</b>	Mobile AMD Sempron 2600+ up to 3100+ (32 bit K8, 25W series 1.6 / 1.8GHz 128 / 256 KBL2 Cache on die, FSB 800MHz ) Mobile AMD Athlon 64 Processor 2700+ up to 3000+ (35W series, 1.6 / 1.8 / 2.0GHz, 512KB L2 cache on die, FSB 800MHz ) AMD PowerNow technology 754pin OuPGA package.
<b>CORE LOGIC</b>	VIA K8N800 + VT8235
<b>MEMORY</b>	2 x Expansion slots of 200pin DDR SO-DIMM SDRAM module, expandable up to 2GB system memory supports DDR-333/400 Module.
<b>LCD</b>	15.1 XGA (1024 x 768) TFT LCD display.
<b>VIDEO &amp; GRAPHICS</b>	Integrated graphics controllers: VIA K8N800 SMA up to 64MB DDR SDRAM
<b>HDD</b>	2.5" 9.5mm height ATA 100/66 support.
<b>OPTICAL DRIVE</b>	12.7mm height combination drive (DVD-Rom+CD-RW) standard. Will support DVD-RW.
<b>POINTING DEVICE</b>	Synaptics touch pad 4 way scrolling button
<b>KEYBOARD</b>	UK 88 keys with window key.
<b>INTERFACE PORTS</b>	Left: Mic-in, Audio line out, Modem port, Lan port, 2 x USB 2.0 ports, Right: DC in jack. Rear: 2 x USB ports, TV out port, VGA out port, parallel port.

### LIFESTYLE CENTRINO

#### **ABOUT THIS PRODUCT**

Centrino based products are possibly the highest profiled technology items on the market currently. The Lifestyle C product excels in both style and design, weighing in at an extremely portable <2.5kg's and at just 25.3mm high, this product is extremely impressive. The demand for Centrino based units has surprised everyone exceeding all sales expectations considering they are both new and high end technology products. The Lifestyle C unit comes as standard with 15" XGA TFT display and an energy saving SMA based graphics system. Like the Widebook, no other notebook can be upgraded more, 80 GB hard disk drives, 2 GB of memory and DVD-RW's are sold more often than not.. Another benefit of the Lifestyle C is that the unit is designed for people on the move, so it will come as no surprise that internal 10/100 Ethernet and Intel wireless LAN cards are both included in the price

<b>CPU</b>	Intel Dothan from 1.5 to 1.8GHz, 2M L2 cache. Intel Pentium M (Banias), 1MB L2 cache FSB400, 478 pin mPGA2 package
<b>CORE LOGIC</b>	Intel 855 GME + ICH4-M
<b>MEMORY</b>	2 x slot of 200pin DDR module expands up to 2GB system memory. Support 2.5v DDR 226/333 MODULE
<b>LCD</b>	15.1" XGA TFT
<b>VIDEO GRAPHICS</b>	Shared memory architecture up to 64Mb. Supports Intel DVMT
<b>HDD</b>	2.5" 9.5mm height, ATA 100/66 supported, up to 7200 rpm
<b>OPTICAL DRIVE</b>	CD-RW/DVD Combination drives.
<b>TOUCH PAD</b>	Synaptic with scrolling buttons (4 ways)
<b>LAUNCH KEYS</b>	Hot keys: Email, internet hot key.
<b>KEYBOARD</b>	88 keys with 2 windows keys.
<b>I/O PORT</b>	1394A, PCMCIA slot, LAN port, Modem port, Mic in, Audio line out, DC in jack, USB 2.0 x 2, IR port, CRT port, parallel port, TV out (s-video)
<b>PCMCIA</b>	One type II slot, support Card Bus
<b>AUDIO</b>	AC97 2.1, SPDIF, 5.1 channel support, built-in two stereo speakers
<b>AC/DC ADAPTER</b>	65 watts
<b>BATTERY</b>	Li-on 4 cell
<b>COMMUNICATION</b>	10/100 Base-T LAN on board. MDC Fax/modem V.90/V.92 on board. Intel Pro/wireless 2100/2200BG network connection (option)
<b>SIZE</b>	325mm(W) x 258mm(D) x 32mm(H)
<b>WEIGHT</b>	2.5kg
<b>O/S COMPATIBILITY</b>	Designed for Windows XP Home/ Windows XP Professional

### ***LIFESTYLE EXPERT***

#### **ABOUT THIS PRODUCT**

The Lifestyle C Expert really is a market leading business notebook for the mobile professional, this unit has again exceeded all sales expectations, and comes with the option of a XGA or SXGA 15" TFT display along with an ATI 128Mb dedicated graphics card. Keeping inline with the cosmetically pleasing design of the Centrino family, the Lifestyle C Expert is extremely portable weighing just 2.5kg's and with a depth of just 25.3mm. Upgradeability is also not a problem, if it's on the market then this unit will take it; 80 GB hard disk drives, 2 GB of memory and DVD-RW's is not uncommon for this product. From a ports angle it's fully loaded with 2x USB's, Firewire, fast infra red, along with a 10/100 Ethernet card and a mini PCI internal wireless LAN as standard.

<b>CPU</b>	Intel Pentium-M processor from 1.3GHz, 1M L2 cache, Intel Dothan processor from 1.8GHz to 2.0GHz, 2M, L2 cache
<b>CORE LOGIC</b>	Intel ODEM + ICH4-M, supports FSB 400MHz
<b>MEMORY</b>	2 X SO-DIMM slots, up to 2GB, supports DDR 266/333MHz system memory
<b>LCD</b>	15" XGA TFT
<b>HDD</b>	2.5" 9.5mm height, ATA 100/66 supported, up to 7200 rpm
<b>OPTICAL DRIVE</b>	CD-RW/DVD Combination drive
<b>TOUCH PAD</b>	Synaptic with scrolling buttons ( 4 x ways )
<b>KEYBOARD</b>	88 Keys with 12 function keys and 3 window keys.
<b>I/O PORT</b>	2 x USB 2.0 ports, parallel port, VGA port, RJ-11, RJ-45, FIR, 1394,a, TV out, Head phones ( SPDIF ), Mic in.
<b>PCMCIA</b>	Type II PCMCIA slot, support Card Bus
<b>AUDIO</b>	AC97 2.1 compliant, 5.1 channel support, built-in two stereo speakers
<b>AC/DC ADAPTER</b>	65 watts Universal
<b>BATTERY</b>	Li-on battery @ 53 Whrs (8 cells).
<b>BATTERY CHARGE</b>	3 hrs charge time while system off, 4hrs charge time while system on.
<b>BIOS</b>	AMI support PnP, password.
<b>COMMUNICATION</b>	10/100 Base-T LAN on board. Intel PRO/Wireless 2100/2100A (mini PCI solution)
<b>SIZE</b>	326mm(w) x 280mm(D) x 25.3mm(H)
<b>WEIGHT</b>	2.5kg
<b>O/S COMPATIBILITY</b>	Designed for Windows XP Home / Windows XP professional.

### WEBNOTE TT+

#### **ABOUT THIS PRODUCT**

Forget trying to appeal to the budget end of the market these notebooks are for the mid to high end user that's looking for all the trimmings.

The Webnote T+ and TT+ are brimming with extras which really does make them sell themselves, in addition to this the upgradeability of these units is second to none, its is not uncommon at IPC to see this unit leave with DVD-RW, 80 GB hard disk drive and up to 2 GB of memory.

Ports are a plenty with 4x USB, Firewire, fast infra red, internal wireless LAN, 56k fax/modem and 10/100 Ethernet card to name but a few.

IPC offers this Intel based unit from Celeron 2.8 GHz all the way through to Pentium 4 3.0 GHz. Couple this together with a dedicated ATI 64Mb dedicated graphics card in the T+ and massive 128MB in the TT+ there's not much these units can't handle.

<b>CPU</b>	Intel P4-2.4GHz or higher, 800Mhz FSB backward compatible
<b>CORE LOGIC</b>	SiS M648FX + 963 Chipset
<b>MEMORY</b>	2 x 200-pin SODIMM sockets supporting DDR266/333/400. Expandable memory up to 2GB
<b>LCD</b>	17.0 WXGA TFT
<b>VIDEO GRAPHICS</b>	ATI M11 Mobility Radeon 9700 Pro, UltraAGP 8X 128-bit 2D/3D Graphics Accelerator 128MB on-board
<b>HDD</b>	2.5"9.5mm height, ATA 100/66 supported, up to 7200 rpm
<b>OPTICAL DRIVE</b>	CD-RW/DVD Combination drives. Upgradeable to DVD-RW
<b>CARD READER</b>	Built-in 6 in 1 card reader
<b>PORTS</b>	2 x USB 2.0, 1 x IEEE 1394, 1 x S-Video, 1 x serial port / 1 x Parallel port, supporting ECP/EPP, 2 x IRDA, CRT output, Microphone/Headphone, RJ11, RJ45, DC Jack.
<b>PCMCIA</b>	One type II slot, support Card Bus
<b>AUDIO</b>	AC 97 2.2 compliant, 3D stereo, 4 x speaker, S/PDIF output (5.1CH)
<b>AC/DC ADAPTER</b>	100-240, 50-60Hz
<b>BATTERY</b>	Li-on 8 cell
<b>COMMUNICATION</b>	10/100 Base-T LAN on board. MDC Fax/modem V.90/V.92 on board.
<b>SIZE</b>	393mm(W) x 275mm(D) x 15.5mm(H)
<b>WEIGHT</b>	4.2kg
<b>O/S COMPATIBILITY</b>	Designed for Windows XP Home/ Windows XP Professional

### WIDEBOOK

#### **ABOUT THIS PRODUCT**

More and more notebooks are now sold as desktop replacements, if you have clients looking to replace old desktop PC's that want high performance over portability then the IPC Widebook meets all needs. Not manufactured with portability in mind the Widebook has sacrificed some additional weight and dimensions in exchange for one of the most powerful widescreen units on the market. No other notebook can be upgraded more, 80 GB hard disk drives, 2 GB of memory and DVD-RW's and sold more often than not with this unit and due to its 800 FSB Intel chipset the Widebook can easily handle up to a Pentium 4 3.2GHz.

The Widebook also boasts some very unique and exciting accessories; internal Bluetooth, web cams, TV tuners and wireless LAN cards are all available, while it comes as standard with a 6 in 1 internal card reader, 2x USB's, Firewire, fast infra red, along with an internal 56k fax/modem and 10/100/100 Ethernet card. This Intel based unit is offered from Celeron 2.8 GHz all the way through to Pentium 4 3.2 GHz.

<b>CPU</b>	Intel P4-2.4GHz or higher, 800Mhz FSB backward compatible
