

Now You Can Discover How A Former Youth Pastor, Named Jeff Mills, Earned Over \$350,000 in 16 Months With Coastal Vacations Club and the Coastal Sales Center... *and How You Can Do it Too, Without Hardly Lifting a Finger.*

For over 10 years, Coastal Vacations has been providing outstanding lifetime wholesale travel memberships to people all over the world, saving them as much as 75% off on travel. But also many people are finding Coastal Vacations to be a fantastic work from home business.

Jeff Mills has now earned well over a quarter of a million dollars with Coastal Vacations and is now a Level 3 Director and has a powerful story to tell on how he did it, and how you can do it too!

Why has the Coastal Sales Center solved most of the problems with doing any home based business and paid out over \$250,000 to it's members in only a short 4 months? It is because they use a unique "no selling, no closing" system that closes all the sales for people without them having to do it themselves. Imagine owning the perfect home based business where:

1. They take all the prospects phone calls for members (no chasing leads!)
2. They present the business and compensation plans for members (no time consuming phone calls)
3. They close the business and the sale for the member (no learning how to be a salesperson)
4. **They send the member a check for either \$1000, \$3000 or \$6500 on every sale** (no nickels and dimes, but BIG checks on each sale!)

Sound like the perfect home based business?

Members will earn nothing less than a \$1000 commission on each sale of the vacation membership.

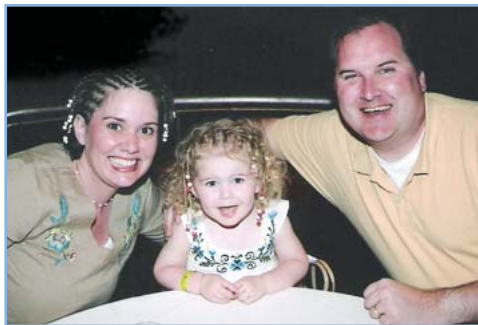

Coastal Vacations is an association of entrepreneurs, professionals and home-based business owners dedicated to providing the highest quality vacation values and travel benefits on the market today, and making them available to their clients at rock-bottom prices. This has in turn created one of the hottest and most lucrative business opportunities in the world!

Former Youth Pastor, Jeff Mills, was able to earn over \$150,000 in less than 4 months using the

Sales Center, because the Coastal Sales Center did all the follow up, presentations, and then closed all of Jeff's sales for him, so he did not have to do hardly any work or selling himself.

Then the Sales Center sent him multiple checks for \$1000 on all the sales they made for him.

Incredibly, Jeff has over \$15,000 worth of checks displayed on his website just for proof.

"The Coastal Sales Center has allowed me some greater time freedoms and now financial freedoms, as the money I have made has greatly improved the quality of our life. We recently spent two weeks in Hawaii, 2 weeks in Florida, a week in Iowa, and are looking forward to coming back for 10 days to Orlando to enjoy our family time together in the fall."

Jeff recently bought a new pool, new Chevy Tahoe, and did some major improvements around his home, all with the help of the income he has made with this home based business model.

He has also enjoyed being able to give more money to his local church which just started 9 months ago.

"I love Youth Ministry and I love helping kids fall in love with Jesus, but our yearly salary, and the unique positions my wife and I both held in two different churches, did not allow for us to have much family time, especially with our beautiful 3 year old daughter, Izzy."

"When I was presented the idea to run a business with Coastal, I was coming off of 4 miserable years of failure jumping from one opportunity to the next, with no foundations, no formal training, and about \$75,000 in debt. I used to earn about \$36,000 a year as a Youth Pastor, but now, I am earning \$44,000 or more PER MONTH as an independent rep for Coastal Vacations, using our unique and very much in demand no selling system."

It has often been said, that when a person begins their own home based business there is always the potential to earn enough money so that one's yearly salary can become their monthly salary and Jeff Mills is living proof that if it can happen to him, then it can happen to anyone.

"I also recently became a Level 3 director with the Coastal Vacations Club Opportunity and I can tell you, there is no scam with Coastal Vacations. We have a 10 year track record of industry credibility, and customer satisfaction."

The Coastal Call Center was begun in February, 2005 by Paul Langley and opened up it's doors to Jeff Mills because Paul is in Jeff's organization in Mid April. Since then, Jeff Mills has added over 193 new people into his Coastal business in only 5 months! His sales and profits have exploded, as he has been able to make more money in one month, than he used to, as a Youth Pastor in a whole year. And remember, each sale is worth \$1000 or more in commissions!

What is even more amazing is that for the last 21 weeks straight, **Jeff has made nothing less than \$5000 per week using the call center to close his sales.** Some weeks as high as \$15,000. But it is important to understand the system he and others use and how it can work for others too.

The Sales Center Marketing system was developed and built for people who are busy, don't like to sell, don't like to ask for money, veterans in the home based businesses who are tired of "smiling

and dialing," stay at home moms and dads, and people who can see themselves using a simple and very effective online marketing system. It is for people with time, serious interest and money who can afford the membership fees of either \$1995, \$4995 or \$11,000, as there are three vacation memberships to chose from.

It all starts by viewing a powerful online flash movie presentation which does most of the selling. Then a member can surf through a detailed and very personalized website providing additional exposures and resources so prospects can do their own due diligence. Then, a prospect is lead, through several reminder emails to join a live Question and Answer call, where for 15 minutes, they receive a free consumer awareness message about the Coastal Product and also how the Sales Center works and closes sales for people. Finally, after the prospect has all their questions answered, they simply call into the professional sales center with a member's unique ID code and they sign the person up, and in the meantime, the member who got credit for that sale, and never talked with them, just made \$1000! Now, if a person wants to get involved in the selling process, they certainly can, but it is not a requirement.

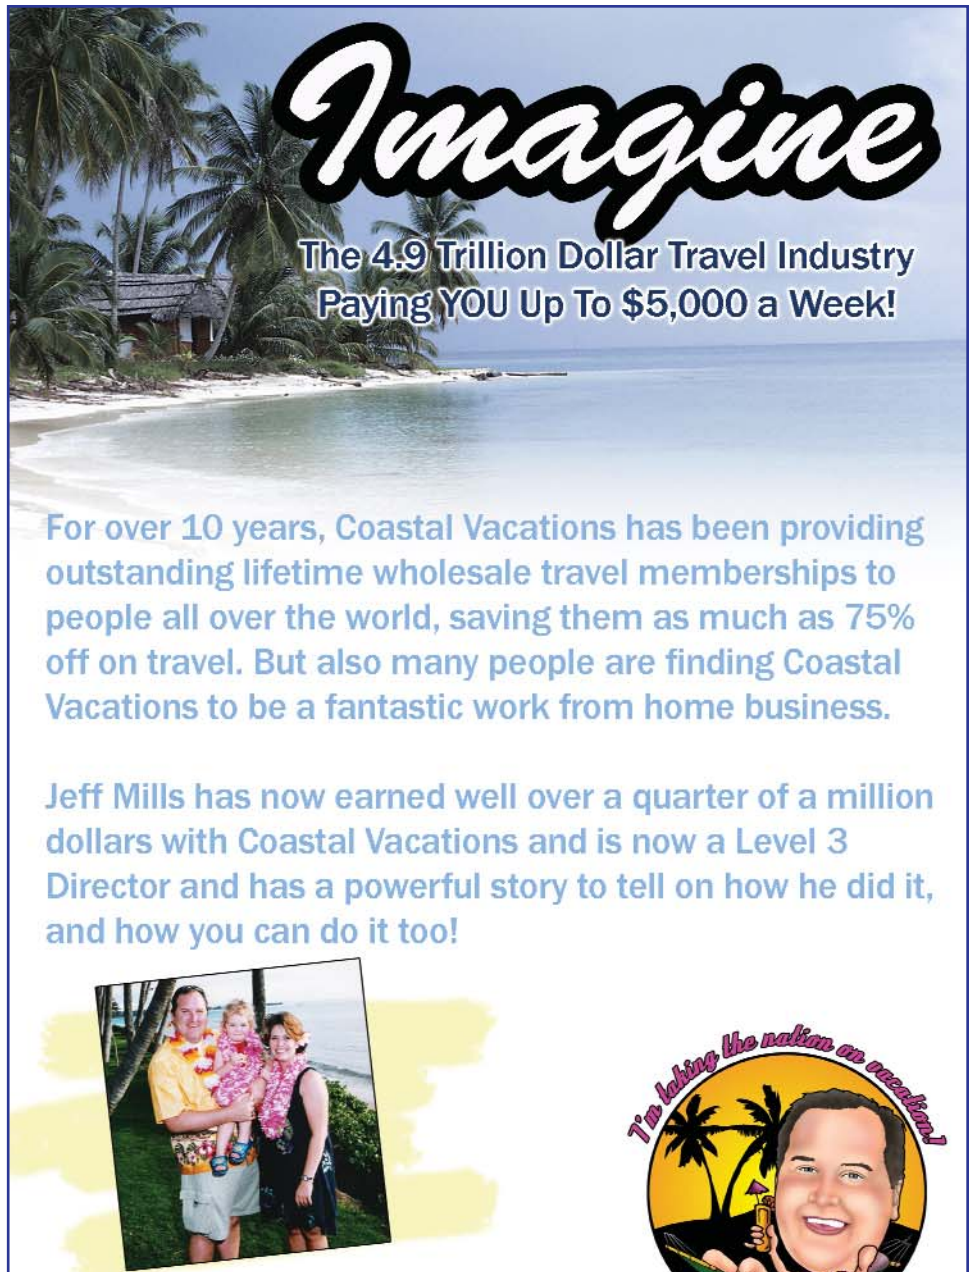

All one would need to do is advertise the website URL, using all advertising means available, and then allow the system to take over and do the rest of the work for them.

As a member, one of the things Jeff really enjoys is participating in the weekly training and conference calls. *"I love to give back and show people new things, and teach them about People, marketing, media, and how to craft their messages, so others can have the same freedoms that we have with this business. The secret is in the marketing, and members who join with me get all my secrets!"*

The Coastal Sales Center really is raising the bar and allowing people who never could sell, and hate the fear of rejection, to finally make an income from home.
