

Firestone Racing

Firestone's 10 years of success – 1995-2005

At Michigan International Speedway on July 30, 1995, Firestone scored the first victory since its return to open-wheel racing that year. The most successful tire manufacturer in the history of the Indianapolis 500, Firestone joined the Indy Racing League at its inception in 1996. Ten years on from its return, Firestone salutes its IndyCar Series winners.
