It is the first time in the Ice Hotel's history in which a musical group will be affiliated to this mystical icy hotel. « We are greatly proud and enthusiastic about our association with Water on Mars, stated Jacques Desbois, CEO of the Ice Hotel. The ambient mood created by WOM's music is a perfect fit for a lounge atmosphere as found in our ABSOLUT bar. »

The Ice Hotel will serve two exclusive drinks in its ABSOLUT bar: *Sensual Confusion* and *Earth Juice*. Destined to be favourites amongst the Ice Hotel patrons; both drinks are named after singles on Water on Mars first album: Mannah.

**January 6<sup>th</sup> to April 2<sup>nd</sup>, 2006, celebrate Ice Hotel's sixth season.  
It is an ephemeral and majestic place to rediscover yearly.**
