gelato ICE

Itanium® Conference & Expo | 2006

Spotlighting Linux® on
Itanium®-based Platforms

April 23-26 | San Jose, California
USA

Brought to you by:
gelato.ORG

Gelato ICE is the world's only conference dedicated specifically to Linux® on the Intel® Itanium® architecture.

Join leading scientists, developers, engineers, and end users for three full days and 40+ technical presentations on this revolutionary platform.

- Network with key researchers, system vendors, industrial users, and ISVs
- Learn how to maximize the performance of your systems
- Discover which tools to use and how to use them
- Collaborate on cutting-edge R&D
- Exchange knowledge

Integrated technical content to complement the collocated Itanium® Solutions Alliance Developer Days, April 26-28.

Register now. Early Bird pricing ends March 25. For more information:
