

Kendra Kandlestar and the Box of Whispers SPEAKING & PRESENTING

With his whimsical sense of humour and flare for caricature, **Lee Edward Födi** and his spell-binding stories have captured the imagination of audiences throughout Canada and the United States.

His enthusiasm brings children right out of their seats, especially during his rousing sessions of Goblin Designing 101, in which he scribbles out ghoulish creations according to some specific (and often very disgusting!) instructions.

He further inspires young minds through his work as chief mentor and facilitator of Dream Workshop, a program he developed with CWC (Creative Writing for Children).
