

What People Are Saying About The Hawk & The Dolphin

Lessons from the Hawk

"A must read for every teacher who strives to bring out the best in ALL of his or her students."

–Paths of Learning

"As a teacher, it is a whole lot easier to focus on teaching to 4 styles rather than 8 or 9 multiple intelligences."

–Amazon.com

"His anecdotes are colorful and useful examples of the strategies he uses to engage and challenge."

–New Horizons for Learning

"As a teacher with medium to low SES students in the Middle School, *Lessons from the Hawk* gave me new perspectives for teaching and ...students' learning."

–Amazon.com

Classroom Management: The Dance of the Dolphin

"I have begun using a modified version of this in one of my classes, and it has already met with great success."

–Amazon.com

"Kennedy presents a philosophical merger of the best practices, rather than operating from one singular perspective on classroom management."

–TICO Publishing

"Kennedy has a fresh and inviting approach to his subject, that with each reading, becomes more clear to the professional educator or parent."

–Amazon.com

"Mark Kennedy provides us with a warehouse full of information crunched down to a legitimate easy to navigate teacher's guide to managing a classroom."

–Bookwired.com
