Dear Opportunity Seeker,

My name is Jeff Mills. And my success story has profound implications for your life.

Just like the headline of this articles says, I went from \$75,000 in debt to earning \$567,583.29 in just 2 years. So - how did I do it?

It all goes back to when I was a youth pastor making \$36,000 a year. I loved the work. I loved helping kids fall in love with Jesus. But because of my salary... and because of the crazy hours I was working (my wife and I worked in 2 different churches at the time)... our family was under more and more stress.

I realized that what I really wanted was time to spend with my wife and my 3-year-old daughter Izzy. But to do that, I was going to have to make some serious changes.

I went through 4 miserable years of failed home businesses and work-at-home opportunities. At the end, I had spent more money than I had made. I was discouraged, but I kept my eyes open.

Good thing I did, too! It was around that time I stumbled on an opportunity that changed my life. I'll tell you more about that in a minute, but first let me share with you...

Why Businesses Fail

Here's a surprising fact. 95% of all new businesses fail. That includes home-based businesses.

Why do they fail?

A lot of reasons, really. But one of the biggest is that most people dislike selling. *Nobody wants to sell stuff to their friends and family.* Not only that, nobody wants to face heart-breaking rejections day after day calling a bunch of tire-kicking leads.

If you've tried these selling methods and failed, *it's not your fault!* You simply haven't had the right system to plug into.

With the system I use, there is no selling. There is no closing. And there are no lengthy in-home presentations or telephone calls for you to make.

In fact, many people are saying my "No Selling - No Closing" system is...

The Perfect Home-Business Solution

Here's how it works.

1. **Your sales team answers all the prospects' phone calls for you.** (No more being chained to the phone!)

2. **Your sales team presents the business and compensation plans to prospects for you.** (No more hours wasted doing in-home business presentations!)

3. **Your sales team closes the sale for you.** (No more trying to be a salesperson and no more fear of rejection.)

Because Jeff Mills has earned \$567, 583.29 in less than 2 years, he now has a lot of time to spend with his wife La Rae and daughter Izzy.

4. **Your sales team sends you a check for \$1000, \$3000, or as much as \$6500 on every sale THAT THEY CLOSE FOR YOU.** (No nickels and dimes, just big hefty checks on every sale!)

Sound like the perfect home-based business solution? For many members on my team, it is just that. It's like having your own personal assistant who closes all your business for you.

Now You Can Claim Your Piece of the \$6 Trillion Travel Industry

My very successful home-based business relies on two companies. One is Coastal Vacations and the other is Secure Business Solutions.

Let's talk about Coastal Vacations first...

For over 10 years, Coastal Vacations has been providing outstanding lifetime wholesale travel memberships to people all over the world, saving them as much as 75% on their travel and making them thousands of dollars a week.

Coastal Vacations is dedicated to providing the highest quality vacation values and travel benefits on the market today... and they make them available to their clients at rock-bottom prices. Because of this, Coastal Vacations has become one of the hottest and most lucrative business opportunities in the world.

Case in point: even though my background is in youth ministry, I was still able to make \$567,583.29 in less than 2 years with Coastal Vacations.

I've received dozens of thousand-dollar checks... and I've got \$115,000 of proof and their merchant deposit slips displayed on my web site to prove it.

As a result of this massive change in my income, I now have the time to spend with my family that I desire. We recently spent 2 weeks in Hawaii, 2 weeks in Florida, a week in Iowa, 10 days of fun in Orlando, and one week of surf and sun in Maui.

Not only that, I've installed a new swimming pool, paid cash for a new Chevy Tahoe, and made some major improvements to my house, all because of the income I now make with Coastal Vacations.

But I gotta tell you, one of the biggest reasons I have succeeded is because...

I Didn't Have to Close a Single Sale!

You see, I've learned a few things about marketing, but I'm no salesman. And if I had to personally close all those sales, there's no way I'd be telling you about my success today.

And that's where the 2nd business comes in. It's called Secure Business Solutions (SBS). This company started the Coastal Sales Center in February of 2005.

Fortunately, I had sponsored the director of SBS, so he let me and my group use the Coastal Sales Center. He then opened the doors up to other Coastal reps in April 2005.

Here's why this is so exciting... Before the Coastal Sales Center, I was doing OK. I was making good money, but nowhere near the levels I'm

making now. When I started using the Coastal Sales Center, my sales skyrocketed!

Take a look at this. Since I tapped into the Coastal Sales Center in early 2005, I've added more than 250 new people into my Coastal business in just 9 months. Now, I make more money in a month than I used to earn in an entire year!

In August, typically the slowest month of the year, I generated over \$106,000 in sales. And for the last 38 weeks, I've made nothing less than \$5000 *per week* in personal commissions. Some weeks as high as \$38,000.

Why do I share all this with you? Because YOU can leverage the sales power of the Coastal Sales Center in your own Coastal Vacations business... and start earning the same \$5000 a week commissions that I'm blessed to enjoy today.

Who Else Wants to Earn \$40,000 or More... In a Single Month?

If you're looking for a new, mostly hands-off way to start generating HUGE monthly commissions, then Coastal Vacations paired with the Coastal Sales Center may be the perfect opportunity for you.

The entire Coastal Vacations sales system that I personally use was designed for people who are busy and frustrated... people who don't like to sell and don't like to ask for money... as well as veterans in home-based businesses who are tired of "smiling and dialing," stay-at-home moms and dads, and people who can see themselves using a simple and very effective marketing system.

If this describes you, then you may soon be earning \$5000 a month or more with your new Coastal Vacations home-based business.

What makes it even better is that you can get started with Coastal Vacations for \$1995, \$4995, or \$11,000, depending on which package you choose. Each of these includes numerous vacations for you to take, plus a wallet-full of discount travel cards.

For instance, when you choose the \$4995 package, you'll get 30 vacations, including trips to Hawaii, the Bahamas, and Las Vegas. You'll get 20 different discount travel cards that save you anywhere from 15% to 75% on hotels, condos, and dining establishments.

Since I joined less than 2 years ago, I've gone on a number of vacations. And...

"I've Saved Well Over \$12,000"

All the proof is on my web site. But here's one example. I just took another trip to Maui for 7 days. I paid \$553 for my stay. Normally, that would have cost me \$1800 - \$2300.

And get this. Not once was I required to attend a time-share presentation. Not once did I have to go along with any gimmicks to get the discounts.

Not only does your package include all 30 great vacations and 20 travel discount cards, you'll also get the opportunity to sell Coastal Vacation packages to other travel enthusiasts. You'll earn commissions of

\$1000, \$3000, or \$6500 per sale. *That means just one sale could pay for your entire investment!*

Now-wouldn't you pay \$4995 to save more than \$12,000 on your vacations... *and get the opportunity to earn as much as \$40,000 a month? It's really a "no-brainer"...*

Here's How It Works...

Most people who become Coastal Vacations representatives come into the business by following these 4 easy steps:

1. View a powerful online flash movie presentation that does most of the selling.
2. Surf through a detailed and very personalized web site to do your due diligence.
3. Join a live Question & Answer phone call that explains Coastal Vacation's packages as well as how the Coastal Sales Center closes sales for you.
4. After all your questions have been answered, call into the professional sales center with a member's unique ID code and sign up.

Of course, not everybody follows these same exact steps. Some people skip from step 1 to step 4 - the movie is that powerful! And people who read an article like this one often don't feel the need to go online... so they sign-up right away.
