

Intellasia News and Information Services

[Rates](#) [Featured clients](#)

Intellasia is a specialised provider of English-language daily news and information in Vietnam.

Translated primarily from the domestic press, Intellasia summaries and news briefs contains insightful perspectives of politics, economics, business and culture in Vietnam.

Local media, with its experience in dealing with the Party, government and the bureaucracy, subtly communicates the subtle nuances of policies, reform and news events in a way that is not covered in depth by the English language media.

Since 1997, professionals, corporates, researchers, multilateral and international organisations have relied on Intellasia News and Information Services for their information requirements.

Each day of the workday week, Intellasia produces over 350 news articles from the Vietnamese-language press and English media covering all aspects of government policy, legal changes, business news, the economy and social affairs.

Intellasia news archives dates back to 1997 and contains over 100,000 articles and expands by over 7,000 articles a month in English and Vietnamese which is the largest archive available online in Vietnam

News content is delivered via daily bulletins or weekly-categorised bulletins in a variety of formats to suit users' requirements.
