

THE OPTIONS INSTITUTE Master Session (OIMS)

The OIMS is a new offering for the serious trader and investor. Given the proliferation of options and trading education, traders and investors are challenged to find educators who are experienced and credible. OIMS combines the talent and credibility of leading educators with the trusted brand of the Options Institute.

Fari Hamzei is the founder of Hamzei Analytics, which is in its eighth year of providing cutting-edge, proprietary analysis and indicators to institutional and professional traders. Its website (www.hamzeianalytics.com) currently features quantitative market sentiment data - in real time - for 500 of the most active indices, equities, sector HOLDERS and Index Tracking Stocks. Its indicators include the only real-time, intra-day dollar-weighted put/call ratios.

In addition to SuperHornets & HOTS Trading Services, other subscription services include the "Gold," "SuperPlatinum," and "Diamonds" levels, which feature proprietary buy/sell signals, market sentiment and trend/momentum indicators.

Fari Hamzei is also the Group Leader of the Los Angeles TradeStation / eSignal / RealTick / MetaStock Users' Group (www.ActiveTraders.org). Mr. Hamzei is frequently quoted by CNBC, and is often featured on TradeStation.com and on the eSignal.com Forums, Minyanville.com, RealMoney.com and WPTI Radio (www.PTISecurities.com). He has also spoken at numerous trading/investment forums in the US and Canada and has written several articles that have been published in Technical Analysis of Stocks and Commodities Magazine and eSignal.com website. Mr. Hamzei is a graduate of Princeton University.

THE OPTIONS INSTITUTE Master Session (OIMS)

The goal of the OIMS is to provide a high quality educational experience for active traders and investors who are seeking to refine their trading and investing ability.

Options Institute Master Session Featured Content

Fari Hamzei, Founder of Hamzei Analytics, will lead this "Master Session" explaining his proprietary techniques of forecasting market and stock-specific direction using real-time market and stock-specific sentiment. Dennis Leontyev, the Options Strategist for Hamzei Analytics, will explain market-neutral strategies and how to identify pairs trading opportunities. This 2-day intensive seminar is designed for the serious trader and investor who is interested in trading both stock and index options.

As a part of this 2-day seminar, you will tour the CBOE trading floor - the most active options exchange in the U.S., and receive a customized CBOE trading badge.

Other topics include:

- Real-Time Forward Sentiment Analysis (using Dollar-Weighted Put/Call Ratios) with LIVE Examples
- HotSpots (a proprietary indicator of Hamzei Analytics)
- Market Neutral Strategies
- Pairs Trading (long-short combination trades)
- Option Implied Volatility - Price Range Expectations
- CBOE Floor tour during trading hours

Options involve risks and are not suitable for everyone. Prior to buying or selling a listed option, an investor must receive a copy of Characteristics and Risks of Standardized Options. Copies may be obtained from your broker or from the OCC at One North Wacker Drive, Suite 500, Chicago, IL 60606. The content of the OIMS seminars contain information for education purposes only, and does not constitute and should not be construed to constitute investment advice or other professional advice. Attendees of the seminars must consult with their broker or other professional advisors for such advice. The ideas and comments expressed during the seminars by featured faculty are not necessarily endorsed by CBOE or any of its subsidiaries or affiliates.
