

## Welcome to ChurchShoppers

We are the premier on-line network of Christian Churches in America. Our mission is to match individuals and families to the church that best fits their personal preferences and spiritual compatibilities and in turn see Bible believing churches grow and flourish. We are not the typical church directory, but more like a match making site, pairing the right people to the right church.

ChurchShoppers.com not only matches people to the right church for worship, but will also provide opportunities for churches to market additional resources and items through our future classifieds section. This section will allow your church to showcase your facilities for weddings and other events, post employment opportunities, and sell your used items and equipment (audio and/or video equipment, pews, vans, etc.) as you grow out of them. In addition, we are adding a section that allows Christian speakers, musicians, event coordinators and more to showcase their spiritual gifts to the body of Christ.

Also coming soon is our church resource center. We understand that your church has many resource needs, which can be overwhelming. Our church resource center will put all your suppliers under one roof, actually on one web page. Many of these suppliers will provide these resources at a discounted price to the ChurchShoppers.com network of member churches.

## How Does it Work?

It starts by building your church's profile to reflect its own distinctive ministries, vision, and culture. Through our search features, those looking for a church can be matched to your ministry based on compatibility in key areas- denomination, distance from home, preaching style, music style, ministries, available services, and much more. Searchers are then linked to your profile where they can view a detailed look at your church.

Where traditional services, like the yellow pages, offer limited information, your churchshoppers.com profile provides specific information about each of your weekly services, a link to your web-site, a welcoming video and/or audio message from the pastor, and much more for a fraction of the cost.

Churchshoppers.com provides a user-friendly way to drive awareness to your church through the use of various marketing techniques:

- Search engine optimization on all the major search sites (Google, Yahoo, MSN) using the key words that people use when searching for a church
- Cross promotion in various media outlets- radio, major Christian websites, Christian publications, and more
- Partnership with new home builders, local realtors and realtor web-sites pointing home buyers to our website and to your church

### **Belief Statement**

We believe that there is one God, eternally existing in three persons: the Father, the Son, and the Holy Spirit.

We believe that the Bible is God's written revelation to man and that it is verbally inspired, authoritative, and without error in the original manuscripts.

We believe in the deity of Jesus Christ, His virgin birth, sinless life, miracles, death on the cross to provide for our redemption, bodily resurrection and ascension into heaven, present ministry of intercession for us, and His return to earth in power and glory.

We believe in the personality and deity of the Holy Spirit, that He performs the miracle of the new birth in an unbeliever and indwells believers, enabling them to live a godly life.

We believe that man was created in the image of God, but because of sin, was alienated from God. That alienation can be removed only by accepting through faith God's gift of salvation which was made possible by Christ's death and resurrection.
