FOR IMMEDIATE RELEASE

FOSBEL Becomes Highly Available with BlueBridge

CLEVELAND, Ohio (March 20, 2006) – BlueBridge Networks, a leading provider of facilities based Disaster Recovery (DR) and Business Continuity (BC) services, has been selected by FOSBEL, Inc. of Birmingham, England to provide business continuity services for its worldwide IT headquarters located in Brook Park, Ohio. FOSBEL, who has locations on six continents, is the world leader in on-line furnace refractory repairs and maintenance.

BlueBridge is providing comprehensive **BlueHost™** High Availability Collocation, **BluePipe™** Dedicated Internet and Network access, **BlueSecure™** Managed Network Security, and **BlueVault™** Managed data backup services to FOSBEL.

“FOSBEL is world renowned for its high quality and service excellence. Our staff is very proud to meet FOSBEL’s rigorous standards and be selected as its provider.” said Neil Adelman, CEO of BlueBridge.

“Working with Joe LaMantia, Managing Partner, of e-Ventus consulting corporation we developed criteria for determining a company that would be best suited to act as our hosted Global Data Center”, said Dennis Richnasky, Fosbel Global IT Manager. “BlueBridge Networks not only met all our criteria, but they were clearly going to provide us the best service for our dollar and be very flexible to work with”, Richnasky went on to state. “We are very pleased with our selection and look forward to a long and productive partnership with BlueBridge Networks.
