COMPANY OVERVIEW

Ones We Love, Inc. (Owl Enterprises) is a special event promotion and marketing company. Our core business is the promotion and production of special events, concerts and corporate parties. Our goal is to ensure our guests have memorable experiences and that those memories last a lifetime. We believe, "Your Memory is our Immortality". www.owlus.com

EVENT OVERVIEW

Industry Night is the party with the slogan "You Supply the Industry, We Supply the Night". It is place for industry professionals to meet, mingle and match. IndustryNight.com is a way for suppliers and customers to network, employees and employers to socialize and eligible singles to meet others with similar work interests. We developed this promotion after spending over 10 years attending trade shows and learning that the companies who host parties shows always have an agenda to push a certain product or service. This party is unique because no one company can dominate the event. **It is for the entire "INDUSTRY"**. Plus our core business is hosting and promoting special events and parties, so there's no one on Earth who can do it better.

We invite you to experience the Dental Professionals Industry Night on Friday, April 28, 2006 at the House of Blues in Anaheim, featuring a live performance by Ken Garcia, DDS during the CDA Spring Session.

Please contact us at 800-893-9932 or via email at contact@owlent.com if you have questions regarding the event or group tickets.

KEN GARCIA

DENTIST SURFER MUSICIAN

ABOUT THE ARTIST - KEN GARCIA

Ken grew up in San Bernardino, California and was surrounded by diverse musical influences, from Hispanic to Polynesian. By the age of five, Ken's uncles frequently encouraged him to play his guitar at family gatherings.

Recognizing his strong desire to perform and musical potential, his parents eagerly invested in his future by providing him with guitar lessons. Yet, formal lessons could only take Ken's raw talent so far. He began teaching himself the art of guitar playing with the assistance of books and hands on experience. As his talent and confidence developed, Ken began playing school functions, as well as private concerts for friends and family. Ken often fondly notes with a smile that his most rewarding performances of this era were those for his father, Ramon, and his construction buddies after a hard day's work and a few cold beers.

Around the age of twenty Ken was faced with the difficult decision of pursuing a career in music, or following in his older brother's footsteps and becoming a dentist. Recently married and wanting to start a family, he opted for dentistry. Upon graduation from Loma Linda School of Dentistry, Ken started a successful practice in Fontana, California, close to where he grew up. Eventually he sold this practice prior to opening his new office, Island Dentistry, in Laguna Beach in the summer of 2002. All the while Ken retained his passion for music, playing lead guitar with various bands throughout the Inland Empire and Orange County, specifically Laguna Beach, where he has resided for the last decade and enjoys playing for a large fan following in South Orange County.

KEN GARCIA - Continued...

Ken differs from other artists in numerous ways. Not only has he maintained an impeccable dental career spanning nearly two decades, as well as compiling an impressive body of work musically, including 5 CD's and live performances that legends are made of, Ken has always sustained a solid reputation in whichever community he has called home.

Ken's contagious love and zest for life shines through in whatever task he undertakes. Whether he's performing dentistry, playing music, surfing or spending time with Jody, his wife of twenty-five years, or Tayber, his newly adopted baby boy, Ken gives no less than 100% of himself, 100% of the time. Ken's multifaceted lifestyle is easily recognizable in his music, be it a soothing melody to provide a healing touch, a rocking jam to lift the spirit, or a simple strummed lullaby to put his son Tayber to sleep.

Ken's music combines soulful folk rock with a Latin and Hawaiian flavor. The lyrics, written by Ken, bask in the warm memories of family and friends, often giving thanks to God for the opportunity to take part in such an amazing life...a life that he would like to share with the rest of the world through music.

COMMUNITY INVOLVEMENT

Consistent with all of our promotions, Ones We Love will donate a portion of the proceeds from this concert to charity. We have established a practice of donating a portion of our profits to charity. Given the audience for this event and Ken Garcia's background, we've selected the CDA Foundation and the Surfrider Foundation to be the benefiting charities. In addition to a donation, we will assist both foundations by displaying pamphlets containing information about the charities at the concert.
