Air Lloyd Selects Ramco's Aviation & MRO Software

Basel, Switzerland — (May 18, 2006) —Air Lloyd Luftfahrt Technik GmbH of St Augustin-Hangelar, Germany has selected Ramco's Aviation & MRO Software for their entire enterprise aviation maintenance operations.

"We selected Ramco because of their proven technology, supreme functionality and flexibility in their Aviation & MRO Software. Ramco's processes and methodologies, with pre-built web & business process centric software, was a perfect fit for our complex needs", said Mr. Thilo Scheffler, general manager of Air Lloyd Luftfahrt Technik GmbH. Scheffler further said, "Air Lloyd conducted an extensive global search, evaluating over 50 software providers. We selected Ramco due to their deep Aviation & MRO Systems experience, technology, people and successful projects with satisfied Customers".

"Ramco Systems is proud to sign Air Lloyd as its newest Customer in Europe. Air Lloyd, an ADAC Company, is the distinguished Aviation & MRO services provider in Europe. Ramco will be deploying its entire web-centric suite of Aviation & MRO Software Components in Air Lloyd's MRO operations. Air Lloyd is number one in their business and Ramco is pleased to add Air Lloyd to its global Customer base of web-centric Aviation & MRO Software clients. Ramco with Air Lloyd, will deliver the project with a lean implementation and minimal impact on daily operations at Air Lloyd", said Jim Fitzgerald, sr. vice president of Ramco's Global Aviation Solutions Group.

About Air Lloyd

Air Lloyd (<http://www.air-lloyd.de/>) an ADAC Company, is considered the top rated Air, Fleet and Rotor Services organization in Europe. Air Lloyd is a large maintenance, repair and overhaul (MRO) operation for helicopters as well as providing services, aircraft parts and instruments, ground handling, training of aircraft mechanics and the handling of all aviation related activities. Headquartered in St Augustin (Colone), Air Lloyd has additional subsidiaries located at Halle/Oppin (Leipzig), Saxony-Anhalt and Landshut (Munich), Bavaria. Air Lloyd holds the certificate by the German Aviation Authority; their authorization is N° LBA II-C10 and JAR 0058.

Air Lloyd has Service Station Contracts performing maintenance and overhaul as certified service stations. Air Lloyd further has long term Service Contracts for a period of more than five years with the following: ADAC Luftrettung (Emergency Medical Services), ANWB-MA (Netherland Air Medical Services), Air Lloyd German Flight Services, RACC Club assistance (Emergency Medical Services), AVISER S.A. Helicopters, Spain, BGS (German Boarder Guard), Polizeihubschrauberstaffeln (Several Police Squadrons), Several private customers and Companies.
