

The easiest way to get
into the WiFi business

WiFi HOTSPOT Managed Services, Plug'n Play Equipment, Support, Accept Prepaid Cards and Credit Cards

FOR IMMEDIATE RELEASE:

WHOTSPOT Announces \$599 B&B WiFi Solution Package

(PRWEB) Montreal, Quebec May 21, 2006. WHOTSPOT, a leading WiFi Hotspot management service, announces its new "\$599 Bed & Breakfast WiFi Solution" Package. Aimed at further simplifying the WiFi hotspot setup process and removing all barriers to entry, the new WHOTSPOT package offers B&B and Hostel owners a truly plug and play solution.

Bed and Breakfast's are continually looking for ways to meet and exceed the needs of their guests. They can by providing access to high speed internet.

Bed and Breakfast and Hostels are frequented by tourists and students. These groups all have a desire to keep in touch with family and friends. They need access to information at high speed access. In addition, the latest boom in digital cameras has created a demand for internet access to enable photographers to upload their pictures while on the road.

Most B&B owners do not have any technology background. Using WHOTSPOT & our "B&B WiFi Package" as their resource allows them to focus on their business, improve their hospitality and leave the technology to be managed by the experts".

The B&B package includes activation on the Whotspot Basic Service Plan. We include everything needed to provide WiFi service to the end user. Essentially the B&B owner receives 85% of the revenue (WHOTSPOT keeps 15% for user management, support and credit card processing) for a low monthly account fee of \$25. Other plans are also available.

For only \$599, B&B's receive a complete B&B WiFi Starter kit, including a pre-programmed WiFi gateway, their own customized web portal page, a sampling of Posters, Tables Cards and Prepaid SurfCards. Each location is branded with the participants name on the custom designed portal page from which all users are directed to login. Out-of-the-box simplicity, just plug the supplied WiFi gateway into any existing internet connection and you are ready for business. Customers can use Prepaid SurfCards or purchase an account online with their favorite credit card.

Special Limited Offer: Over \$600 in prepaid SurfCards are included in the B&B package. Just sell these prepaid cards, and you will recover your WiFi package costs!

About WHOTSPOT

Since 2001, Whotspot has been providing "One-Stop" products and services for public internet access. We take care of the end-to-end process of creating, maintaining and profiting from a "WiFi Internet Hotspot".
