## **Citysearch Audiences and Editors Vote NYC's Flatrate Moving "Best Mover 2006"**

*2006 BOC (Best of Citysearch) Award Results Find Local Audiences Vote Flatrate as  
"Best Mover of New York" – and Citysearch Editors Agree!*

NEW YORK, NY – The people of New York have spoken, and NYC's **Flatrate Moving** ([www.Flatrate.com](http://www.Flatrate.com)) has been voted **Best Mover in New York** for 2006! The results were announced this week in the Annual **Best of Citysearch (BOC)** competition, applauding Flatrate's exceptional approach to moving and the appeal of "a bill with no surprises." Not only did the moving company win the Audience Award, based on the local popular vote at Citysearch.com, but Citysearch editors also awarded Flatrate a second, separate honor as its Editorial Winner.

"We're delighted and honored at this recognition from Citysearch, as well as from our fellow New Yorkers!" comments **Eric Klepar**, General Manager of Flatrate Moving. "To find that we're at the top of our category is immensely gratifying for us, and we'll continue to work hard to continue to meet those expectations." Most rewarding for Flatrate's founders is the fact that the company has been known for years as the most recommended mover in New York – and now local New Yorkers have used the opportunity of the annual Citysearch BOC competitions to make it official.

Flatrate is a New York City moving company (with four other locations nationwide as well) that uniquely offers customers an all-inclusive "flat rate," for an easy, guaranteed, one-price move. The company's method eliminates the questionable pricing practices that many companies impose on customers moving in New York, while at the same time providing quality service at competitive prices. As New York's top movers, Flatrate performs any relocation service that might be required, from residential moves, to commercial, long-distance, or even overseas moves.

### About Flatrate Moving

With its flagship location in New York City, Flatrate also brings its superb and hassle-free, all-inclusive flat-rate moving services to the New Jersey, Washington D.C., Miami, and Los Angeles areas. The company is able to meet the needs of any move, from residential, to commercial, and from local to cross-country or even overseas moves. Committed to integrity, and to earning the goodwill of its customers, Flatrate's excellence and honesty within the moving industry has made the company the mover of choice in NYC today, and that commitment has directly led to its latest Citysearch awards. The company is also committed to giving back to the community on a local and international level, and last year organized a special relief effort for Tsunami victims.

For more information on Flatrate Moving, its services or five superb locations nationwide, please visit [www.Flatrate.com](http://www.Flatrate.com) or [www.Flatratemoving.com](http://www.Flatratemoving.com).

### About the 2006 Best of Citysearch (BOC) Competition

Best of Citysearch (BOC) Audience winners are determined each year by local visitors to the Citysearch.com website, who are invited to vote for their favorites from the nominee list in each category. Editorial Winners, meanwhile, are chosen by local Citysearch editors and freelancers, who diligently scope out the best businesses across the country based on their own intimate knowledge of the trends, beat, and culture of each individual city. Editorial winners are independently decided by Citysearch staff, and are unaffected by such factors as advertising or number of votes. To view the Flatrate BOC results, please click
