NatureAd™ PRODUCTS

NatureAd™ PRODUCTS

Until now, plastic products had been manufactured utilizing a petroleum based material. Amid soaring oil prices, disruptive supplies and increased petroleum demand, Quickpoint is utilizing an all natural plastic that not only helps relieve U.S. dependence on foreign energy, but is based on a renewable U.S. agricultural product ...CORN PLASTIC!

Corn Plastics....

- A billion bushels of corn grown annually in U.S.
- Corn plastics and fibers are used in products ranging from plastic eating utensils to t-shirts
- Corn based plastic products break down naturally by composting

NatureAd™ Products

- Good for U.S. Advertisers...
- Good for U.S. Farmers...
- Good for U.S. Consumers...
- Good for America!!
