Patricia Grace, CSA - your personal consultant

"Often, I meet family members who feel overwhelmed by guilt, confusion and fear, because they made a promise to take care of their parents. Out of love, many feel the responsibility to provide eldercare themselves. Most often, this is not the best choice."

With over 15 years experience in the senior health field, Patricia Grace – founder of Aging with Grace – provides the answers to the needs of our aging population and their families.

As a Certified Senior Advisor and Philadelphia native, Patricia offers in depth knowledge of the area's assisted living, long term care and Alzheimer's care facilities. She can also assist with concerns pertaining to Medicare, Medicaid and private insurance for the elderly.

Add to this her involvement with community and non profit organizations such as the Twilight Wish Foundation, CAPS (Children of Aging Parents), Society of Certified Senior Advisors, Philadelphia Chapter of National Association of Certified Geriatric Care Managers, Delaware Valley Geriatric Council and the American Society of Aging, Patricia is able to assess the level of assistance your loved one needs and will be your guide through the maze of elder care information.

Aging with Grace offers a free Elder Care Referral Service and Enhanced Geriatric Services. Since every family's needs are unique, an initial no charge consultation with an Aging with Grace professional is the best way to determine what services are most appropriate for your loved one.
