VIP Quality Software announces new task management system release

September 05, 2006 VIP Quality Software launches **VIP Task Manager v1.0**, a new **client/server** software for enterprise task management. The system allows *planning, scheduling, managing, reporting and tracking* tasks, appointments, projects, and any company activities as to do list, project tree or employee schedule items.

Authorized VIP Task Manager users can simultaneously access the common database through **Local Network (LAN)** to see, add, edit and delete their workgroup or personal tasks, if they are granted appropriate permissions.

The solution is tailored for *small and midsize business, government and non-governmental* institutes, *non-profit* and *educational* organizations, as well as *project teams, workgroups* and company *departments*.

Learn more about VIP Task Manager features and download **FREE** trial version of the software at new product website:
