

Got Web Host To Exhibit at eComXpo

Got Web Host is happy to announce that they will be exhibiting at the upcoming eComXpo virtual trade show which will be held from October 24-26, 2006.

Wheatfield, IN (PRWEB) October 7, 2006 -- Got Web Host is happy to announce that they will be exhibiting at the upcoming eComXpo virtual trade show - <http://www.ecomxpo.com/home.htm?gotwebhost> - which will be held from October 24-26, 2006.

Director of Marketing & Support, Tanya Martin, explained, "We attended eComXpo last April and were very impressed with not only the format and convenience, but with the list of exhibitors and speakers as well. It did not take much discussion to come to the conclusion that we needed to get in on this. We were so impressed that we prepaid for booths at the next couple of shows they had scheduled."

Lloyd Brown, Director of Business Development, continued, "Got Web Host has grown by leaps and bounds over the last 18 months, primarily due to word of mouth by our satisfied customers. We decided it was time to take it to the next level by exhibiting at trade shows."

"eComXpo allows us to reach a global audience from the comfort of our own desks. With over 7,000 visitors attending, we are quite confident of this being a successful show," Brown added.

"We have decided to include daily prizes of \$50 Amazon Gift Certificates, and a grand prize of free hosting for one year," said Martin. "It is free to attend the show, and all you have to do is stop by our booth to enter," she added.

Got Web Host will also be providing show specials.

"Anyone that stops by our booth and signs up for one of our SEO hosting plans during the show will have the standard setup fees waived. Just ask Tanya or myself for a link to the free setup offer," said Brown.

About eComXpo:

eComXpo is a 100% virtual and online trade show for eCommerce marketers. Speakers include representatives from Google, Yahoo!, Linkshare and more, covering topics from basic search engine marketing, to link building, and podcasting. Find out more at - <http://www.ecomxpo.com/home.htm?gotwebhost> and sign up free.

The ability to talk one on one with representatives of major corporations, as well as trading virtual business cards makes this a valuable show to attend from the comfort of your own home or office.

About Got Web Host:

Got Web Host- <http://www.gotwebhost.com> has been hosting websites since 2002. As times change, hosting needs change as well, to which we strive to bring the best hosting solutions to meet these changes. Multiple Class C IP's are difficult, if not impossible to find with most hosting companies. Many simply can not provide multiple dedicated IP's. Got Web Host now offers Multiple Class C IP's to their users. Several hosting companies are now attempting to break into this market. Got Web Host not only offers the service, but understands why you need it and we bring it to you with many different packages.
