

# Tennis Coaches: You Can Become Etcheberry Certified!

## PAT ETCHEBERRY

A legend in the field of tennis fitness and movement, Pat Etcheberry has trained nearly two dozen Grand Slam winners who have won 28 Australian Opens, 18 Wimbledon Tournaments, 22 US Opens, 22 French Opens, and 15 Olympic Medals. The list of his Champions read like a Who's Who of Tennis. And now, for the first time, Pat is offering a *certification program* to pass along his fitness, strength and conditioning philosophy and techniques to a new generation of coaches and trainers.

**CERTIFICATION CLINICS:** This program has only one level of certification and is designed for both coaches and trainers. It consists of a two-day, hands-on **Clinic** that includes classroom presentations and in-gym and on-court workout sessions. Candidates must successfully pass both written and performance tests on the materials presented in both settings. These clinics are tennis-specific, and focus on information you need to train your players to be healthier, stronger, faster and mentally tougher with far greater stamina ... *the Etcheberry way.*

**AVAILABILITY:** Clinics will be offered several weekends each year at the Etcheberry Sports Performance Center in Tampa, Florida, as well as regional locations throughout the United States. Enrollment is limited so that Pat can have quality time with every candidate. The first Tennis Certification Clinic offered at ESP Center in 2006 is **July 22-23**. Other clinics are scheduled for **September 23-24** at the Los Gatos Tennis Academy in California and for **October 21-22** at the Spot Fit-Bowie in Maryland.

**VALUE-ADDED:** As an Etcheberry Certified coach or trainer, you can advertise your unique qualifications and charge more for your distinct expertise. **But there's more!** A few of the more than a dozen extra financial and marketing benefits you receive include ...

- **Pat's new book** ETCH: Secrets to Training Champions
- **Free advertising** space and your bio on our website.
- A **referral system** to hook you up with prospective clients.
- A **Press Kit** including press releases and pictures of you and Pat.
- Pre-packaged **"Strength & Conditioning"** and **"Movement"** videos, that you can use at your Center or Tennis Camps.
- Earn extra income with **our Affiliate Program.**

**\* Eligible for USPTA "Continuing Education" credits.**
