FOR IMMEDIATE RELEASE

November 16, 2006 - New York, NY - Mastodon will be hitting the road in support of their critically acclaimed Reprise Records release, Blood Mountain. The tour will include special guests Converge and Priestess, and will embark on many cities and smaller areas such as Athens, Knoxville, St Louis and Sayreville. There will be a special pre-sale for select shows beginning November 15. Go to <http://mastodon.frontgatetickets.com> to get your tickets before everyone else!

Prior to Mastodon's successful European tour opening for Tool earlier this month, the band stopped over in New York City to give a strong performance on Late Night with Conan O'Brien, whose guest star was Kazakh movie star Borat (photo: http://www.pitchforkmedia.com/page/news/Mastodon_Meet_Borat#39695).

Also check out a stream of the performance at http://streamos.wmg.com/wmedia/wea/a/b/c/vid/wbr/273714_11022006_01_300.wvx. The band returns from Europe in December and begins their headlining tour in January. Mastodon's single "Colony of Birchmen" is currently in regular rotation on Fuse Television's Uranium. And be sure to tune into the "Colony of Birchmen" video premiering on MTV2's Headbangers' Ball this Saturday, November 18th.

Radio's response to "Colony of Birchmen" has been rapturous. Mastodon has been #1 at Metal Radio as they enter into Active Rock programming. The band is also firmly at #1 on CMJ's Loud Rock college chart.
