

## **Synergistic Software Solutions Helps Bailiwick Take IT Project Management to a New Level with Sage MAS 500 ERP Solution**

*IT Deployment Services Provider Bailiwick Helps Big Box Retailers Get Wired with Electronic Infrastructure, Point-of-Sale Equipment, Information Kiosks and More*

**Minneapolis, MN, Dec. 4, 2006**—Synergistic Software Solutions, LLC, a software and services provider representing Sage Software mid-market business management solutions, announced today that it helped Bailiwick Data Systems, Inc., implement a new Sage MAS 500 accounting and ERP solution. The system helps Bailiwick manage large-scale IT projects that encompass a complex coordination of people, materials and equipment. Bailiwick's customers include some of the country's largest retailers who often roll out hundreds of sites simultaneously. Using the solution, Bailiwick has an accurate and current picture of the profitability and status of each of its projects.

According to Missy Carbonneau, a business analyst at Bailiwick, "Many of our projects are large scale, and fast-paced with lots of complexity. With our new solution, we have measurement tools that allow us to analyze business processes and see what's effective and profitable and what isn't."

Bailiwick Data Systems, Inc. (Bailiwick) is a Chaska, Minnesota based company specializing in the deployment of Information Technology solutions for its clients throughout the U.S.A. Since its founding in 1995, Bailiwick has continually grown its client, partner and project base to provide solutions for the most technically challenging and aggressively scheduled projects. Bailiwick serves many different markets including nation-wide retailers with store openings and renovations, in addition to financial services companies, manufacturing companies, high-technology deployments and self-service kiosks. To learn more about their experience and expertise, visit their website at [www.bailiwick.com](http://www.bailiwick.com) or call 952-556-5569.
