

## **15 STUPID WAYS TO TALK YOURSELF OUT OF GETTING LUCKY**

*by Janine Driver, Lyin' Tamer*

Once upon a time, when the world was young and dinosaurs roamed the earth, a guy would walk up to a girl he barely knew, look her nervously in the eye, and ask what she was doing on Friday night, and if she would be interested in doing something with him. This ancient ritual was known as a date.

Today, men are either too afraid of women to make a move, or they tend to have an overdeveloped sense of moxy! Here, we address those men who've had a foot in the door, but a big, fat foot in their mouth.

Some not-so-smart remarks you should always avoid:

- 1) "I've never been dumped by a woman. I've always been the dumper."
- 2) "All the bartenders down there know me by name."
- 3) "I've seen this movie with my ex."
- 4) "My ex and I use to come here all the time."
- 5) "I've never felt better since taking Zoloff."
- 6) "I have had more than 50 lovers; how many have you had?"
- 7) "I only split with my girlfriend last week."
- 8) "Would you mind picking up the tab? I'm a little broke."
- 9) "You don't think I come across as feminine, do you?"
- 10) "You can only tell the difference between real ones and fake ones by squeezing them."
- 11) "That area is just full of strip joints."
- 12) "I'm my buddy's alibi tonight--he's out with some girl from work."
- 13) On the phone: "I'll be home by 10:30, mom!"
- 14) "Can I have a doggy bag to take with me?" (when you are in a restaurant.)
- 15) "My wife and I have been trying to get a divorce for the past 3-years, but it's as if we are already divorced. Can we go to your place tonight because I kind of still live with my wife. But don't worry--I sleep on the coach."
