A Case for Protecting our Constitution and National Heritage

November 22, 2006 : This is a first in a series of topics concerning our national heritage and the Judeo/Christian influence that has shaped our government for the past 230 years. With all the hype about “*Separation of Church and State*”, this nation has embraced a secular humanistic viewpoint set forth by modern revisionists that are destroying the moral fabric of our country — covered in lies and deceit. The bible states that “*...you will know the truth, and the truth will set you free.*” This is an excerpt from an old posting that’s been making its rounds on the Internet for some time now. This is definitely worth repeating.

A Case for Protecting our Constitution and National Heritage

How, then, have we gotten to the point that everything we have done for 230 years in this country is now suddenly wrong and unconstitutional?

DID YOU KNOW?

Those proclaiming their Judeo/Christian beliefs within this country represent over 79% of the US Population or approximately 237 Million people.

So, for those in the ACLU determined to attack our religious freedoms and national heritage, to the atheist who are offended, to the major chain stores who believe it is best to remove Christmas references and symbols from their stores, to all those in the Senate, the House, and within Congress who lack the spine to defend the U.S. Constitution to which they sworn their allegiance to from Judicial Tyranny:

**We the American Churches of Believers
are Offended By You !**

Lets put it around the world and let all people see and remember what this great country was built on. This should also serve as a call to action for the “Churches of Believers” who desire to make a difference.
