PITTSBURGH, PA
MOBILE, AL
JACKSON, MS

The U.S. Chamber of Commerce China Business 2006 initiative offers a series of forums outside of Washington for discussions on small and medium-size business opportunities in the China market. This eight city tour pairs U.S. business executives, academics, and government officials who have on-the-ground business experience in China with local private sector representatives and community officials. The goal of the forums is to support closer U.S.-China commercial ties and highlight export and investment opportunities in China for U.S. companies.

Conducted in partnership with the Mississippi Manufacturers Association, Mississippi Economic Council-The State Chamber, Mississippi Development Authority, MetroJackson Chamber of Commerce, and Mississippi World Trade Center, the U.S. Chamber's China Business Forum will feature Chinese embassy officials, executives from the American Chambers of Commerce in China, and other Chinese business specialists. Beyond providing an overview of the business climate in China, these forums are intended to provide hands-on information on such topics as finding suitable partners, licensing, sales and marketing, distribution and trading, customs clearance, and regulatory issues. Forums are sponsored by AIG WorldSource and Fed Ex.

To register, call Dawn Mays, Mississippi Manufacturers Association 601-948-1222, or dawn@mma-web.org.
