

Mommy Millionaire™

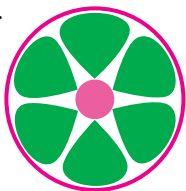

How I Turned My Kitchen Table Idea into a Million Dollars and How You Can Too!

The Ultimate Step-by-Step Guide to Building a Business While Keeping Your Family Your #1 Job. Real world advice, secrets and lessons on how to make a million dollars from a mom who took her kitchen table idea to the nation's top retailers and Angel Investment—while keeping her family and kids Job #1.

Lavine details the steps between wanting success and achieving it and provides expert, easy-to-follow advice for the growing number of women who have made the choice to stay home with their children—or are thinking of leaving careers to do so—and want to turn their ideas into the next big thing.

Historic Opportunity for Women to Have it All

- Approximately 11 million women-owned companies in the U.S. or 40% of all businesses.
- Women are starting businesses today at two times the rate of men.
- Technology is transforming the work place and family life in revolutionary new ways—never before have there been so many opportunities for women to have it all.

- How to get on QVC
- How to Raise Capital
- How to Write a Patent
- How to Break Down the Doors of Big Retailers

Mommy Millionaire™—The Rules: Amusing insights designed to help women be successful moms and business women without losing their minds!

Rule #1: Don't apologize for being a mom! Children are special angels from heaven that God sent you. What's wrong with this world when you have to apologize for having kids? You can manage kids, find your husband's car keys and close million dollar deals at the same time. Be proud of yourself!
