Those OEM brands. Ouch. With Sustain, you save on average 15-20% per print cartridge and as much as 40-50% in some cases. Not to mention Sustain quality is equal to or BETTER than an OEM print cartridge. Sustain brand for: HP, IBM, LexMark, Canon, Sharp, Sanyo, Xerox, and more.

What's better than saving money? Saving money with benefits.

Benefits, what benefits? Read on to discover why Sustain is the best choice for you.

Something for Everyone

Everyone qualifies here. We'll help you determine which program is the right one for you. Then we'll assign you an account manager and adjust the program to fit your organizations needs.

Soon you will be able to access and track your purchases and programs online, because if nothing else, service and support should be convenient.

- **Rewards** - Yep, we offer rewards. EcoPoints is our "miles" program. With every Sustain product purchase, you earn points. You can redeem them at any point for items such as free print cartridges, other office supplies, computers, and even airline tickets. Who takes care of you? Sustain.
- **Contributions** - For every Sustain product purchase, a portion of each sale will be a donation in your organizations name to Junior Achievement. If you're not familiar with JA, they work with schools to teach children about business and capital management.
- **Global Recycling** - Sustain recycles it's own print cartridges, as well as OEM print cartridges, so send em in! You'll earn credits toward your Sustain purchases and other office supply products we carry.
