

Stop living in fear of losing sensitive information to hackers, "Evil Twins", and man in the middle phishing attacks.

The Protexx Safe Search Offer

- Secure Your Wi-Fi Hotspot Connections
- Secure Your Network Connections
- Secure Your Home and Office Cable and High Speed DSL Access
- Secure Your email and File Transfers
- Become Anonymous on the Internet
- Safe and Encrypted Connections Between Your Computer and the Internet
- Secure Your Banking Transactions

What does Protexx do?

- Ensures your privacy when using Wi-Fi hotspots, Wireless, Cable, and Network connections by keeping your personal information safe and anonymous from hackers.
- Provides the highest level of encryption (up to 2048 bit) due to the recent security breaches cracking SSL, DES, 3DES, CDMA, WEP, WPA.
- Automatically encrypts all your inbound and outbound Internet traffic (emails, HTTP, FTP, Web, IM and VoIP calls, etc.)
- Provides Identity Management as *"Protexx knows you are who you say you are"* by the issuance of PKI Digital Certificates".
- Provides a personal firewall to block Wi-Fi, Wireless, Network and Cable hackers from using your connection to gain access to your computer and stealing confidential files or infecting your computer with viruses.

With all of the recent reports of identity theft and online fraud crippling businesses and putting extreme pressure both through legislative and litigation to protect data and intellectual property, corporate entities, private business owners, and everyone using the Internet for personal or for business needs protection.

The Protexx Safe Search adds a premium security service for you by offering encryption protection of all of your "data in motion".

This Protexx Safe Search does it all as it is both versatile and economical and has the ability to secure Wi-Fi, Wireless, Network, Cable and Satellite transmissions with our Secure Information Transmission Highway (S.I.T.H) Digital Certificates. Protect your assets and customers from eavesdropping, hacking and identity theft now!

Cost just \$9.95 per month or \$59.00 annually
