Stunningly beautiful *Guide To Expert Outdoor Lighting* is now available for free download at http://www.outdoorlights.com/outdoor_lights_brochure.aspx

MATTHEWS, NC (April 2, 2007) – **Outdoor Lighting Perspectives**, the world's premiere full service outdoor lighting and landscape lighting company, today announced its **Guide To Expert Outdoor Lighting** is available as a free download on its website at http://www.outdoorlights.com/outdoor_lights_brochure.aspx.

Filled with exquisitely luminous original outdoor lights designs, the 12-page full color publication features homes and gardens expertly lit to display the beauty of each home. The unique lighting design plans include architectural lighting, deck and patio lighting, landscape lighting, poolside lighting and more. These and other outdoor lights can be seen online at http://www.outdoorlights.com/outdoor_lighting_design_photos.aspx.

"This free informative guide educates home and garden enthusiasts on virtually every aspect of expert outdoor lighting," explained Larry Spada, Director of Marketing.

Guide topics include: outdoor lighting techniques; reasons to consider architectural illumination and landscape highlighting; the benefits of expanding

your outdoor living spaces with outdoor lights; the relevance of exterior safety and security; new lighting automation control technology and the importance of ongoing maintenance.

Outdoor Lighting Perspectives' exclusive premium corrosion resistant outdoor lighting fixtures are also featured online at http://www.outdoorlights.com/path_lighting_photos.aspx
