

Tell your friends about Medical Solutions and you could win a free trip to anywhere.

If you had the chance to go anywhere, where would that be? A week on the beach in Spain? A skiing adventure in the Alps? An escape to Las Vegas? If you've never thought about your dream vacation before, this is your chance.

Many of our nurses and techs enjoy their assignments, benefits and Recruiters so much they recommend Medical Solutions to their friends. Referrals are such a large part of our success that we are holding our second annual **Referral Rewards Contest** to show our appreciation.

The rules are simple:

- Refer your friends interested in a travel career to Medical Solutions
- Tell them to call 1-866-633-3548 or apply online at MedicalSolutions.com
- Make sure they mention your name and ask for your Recruiter*
- If you have the most referrals placed on assignment and working for at least 30 days between April 1, 2007 and December 31, 2007, you win a free trip to anywhere you want

Medical Solutions has earned the Joint Commission's Gold Seal of Approval™.

Plus, you get \$500 for every referral you make that gets placed on an assignment and works for at least 30 days.

Good luck! We look forward to hearing from you and your referrals.

Visit MedicalSolutions.com or call us at 1-866-633-3548 today!

Referral Rewards Contest Rules:

The person who refers the most nurses and techs that get placed on an assignment and work at least 30 days from 4-1-07 to 12-31-07 will win a free trip. Here's how it works – Medical Solutions will give the Grand Prize Winner a \$5,000 credit to be used with Cruise Planners Travel Agency. They plan all types of trips around the world, not just cruises. You will work with one of their agents to decide on and plan your own trip to anywhere you want. Visit their website Cornerstoneglobalcruising.com to see some of the deals they offer.

In the event of a tie, the winner will be determined by the earliest start date of this or her first referral.

*Important: Please make sure the person you are referring mentions your name and talks to your Recruiter; if not, we will have no way of tracking your lead. Valid referrals are nurses and techs that are not already listed in our database.

Where are you going if you win?
