The Pax Stereo .Tv URL Giveaway

COMING 07.02.2007

We're giving internet television a boost.

We picked out over 300 artist and music business URLs and registered them, just to give them back to their rightful owners!! If they want, we will build them a custom micro-niche channel and link it all up with MySpace, and all the other social networking hotspots. We will then top it all off with the latest in widgets. All of this to give internet television a boost. But there is one catch...

We intend to outperform them all. If you can't beat us, join us.

We are Pax Stereo Tv, the nu new. ☺
