## **RICKARD BINDERY WINS FOUR INDUSTRY EXCELLENCE AWARDS**

### **Printing Industries of Illinois and Indiana Association (PII) Announce Results for 2007 Pinnacle Print Awards Competition**

Chicago, IL – Rickard Bindery won four awards in the recently held Printing Industries of Illinois and Indiana Association (PII) Pinnacle Print Awards competition. Among the winners was a Best of Category Award. The company’s awards came in the following categories:

- *Miscellaneous Specialties – Other*
- *Diecuts, Pop-Ups, Unique Folds and Involvement Pieces*
- *Binding Process*
- *Print/Graphic Arts Self-Promotion*

The Best of Category prize was won for a string tied, matchbook style wine bottle necker with an attached folded piece centered on the back matchbook panel. The attached piece was an achievement in itself because it contained 18 panels with five accordion and two-right angle small format folds.

“Excellent job planning and communication leads to award-quality projects,” says Gary Junge, Estimating Manager. “I’m pleased our customers are getting the recognition they so richly deserve. Success requires a blend of forthright communication, technical knowledge and extraordinary effort, precisely the things we try to do everyday.”
