

Keynote Speakers

Joel Salatin

Building a Local Food System That Works

Owner of Polyface Farm in Virginia and one of America's premier grass farmers, Mr. Salatin is widely known as a speaker and developer of successful business models. **Joel will also offer a Double Course Session.**

Temple Grandin

If You Eat, You Are a Change Agent

The best-selling author of *Animals in Translation: Using the Mysteries of Autism To Decode Animal Behavior*, Dr. Grandin speaks around the world on both autism and cattle handling.

Thom Hartmann

Human Relationship to the Environment

A celebrated broadcaster, author, psychotherapist and commentator, Mr. Hartmann has written widely on issues related to the environment, politics and social justice.

Allan Savory

For Your Entertainment...

Charlie Russell's Yarns

Charlie Russell (1864-1926) was one of America's best known storytellers and chroniclers of the Old West. At International Gathering 2007, you'll join historian, storyteller and renowned stage performer **Raphael Cristy** for a memorable evening of drama and laughter as he presents *Charlie Russell's Yarns*.

Raphael Cristy

Friday Night at the Auction

Following the dinner entertainment, the fun continues with *Friday Night at the Auction*. Everyone's invited to join in, and the bidding is sure to be fast and furious! Auction items include a week at Dimbangombe Ranch in Victoria Falls, Zimbabwe, plus an eye-opening selection of valuable donated items. Don't miss this highlight event!

Learn from experts, exchange ideas, be inspired!

- solar dollars
- diversifying income
- carbon sequestration

About Holistic Management International

HMI is an international non-profit founded in 1984. From large food producers to family farms to rural communities, we help agriculturalists, environmentalists and like-minded land stewards to work hand in hand with nature to heal damaged land and / or maximize the productivity of healthy land.

We implement and teach proven holistic methods for increasing soil health, reducing erosion and improving biodiversity -- leading to improved food production, greater profitability and enhanced quality of life.

Short Courses offered Pre-Conference 30 October – 1 November 2007

- *Introduction to Holistic Management*
- *Creating Healthy Profits: Holistic Financial Planning*
- *Increasing Pasture and Animal Production: Holistic Grazing Planning*
